

## Newsy Notes From Neighboring Towns

GATHERED FROM OUR EXCHANGES

### BLOOMINGTON

(From the Advocate)

Jonathan Spicer died Friday of a stroke a paralysis.

Married at the Presbyterian manse in Bloomington on Christmas day by Rev. Joel Warner, Mr. James M. Wiley.

The new farmers' telephone company south of town this week strung their new wire into town and will now have better service.

Married, on Christmas day, at high noon, at the home of the bride's parents near Ash Grove, Henry Scheunemann to Miss Lucy Claycomb, the Rev. T. O. Douglass officiating.

A large number of sports of this vicinity attended the wolf hunt in this township last Tuesday. Reports say that only one wolf was discovered and that was making for tall timber as if it were pretty well frightened.

Charlie Sutton and Miss Myrtle Hayes came up from Red Cloud Christmas eve, routed Judge Losey from his peaceful slumbers, and persuaded him to perform their wedding ceremony. They left for home on the midnight train.

### SMITH CENTER

(From the Messenger)

Register of Deeds Duane Wolfe received a telegram from Portland, Oregon, Monday stating that his mother was very low and not expected to live.

The death of Walker Buchanan, which occurred last Thursday afternoon, takes away another old resident of the county. He came here in the fall of 1871.

Glen Burr, the fourteen year old son of Mrs. C. C. Burr, died last Monday evening at the home for the feeble minded at Winfield, Kansas. The little fellow has been a great sufferer for many years.

Mrs. McCannon, mother of Dr. McCannon and James McCannon of Reamsville, died last Sunday morning and was buried in the Reamsville cemetery on Monday. She had been living with her son James for several years.

The report came to us just as we go to press of the accidental shooting of Jerd Post, living northwest of town. He was hunting and while crawling through a wire fence the hammer of the gun caught on a wire and was discharged. He lived but a short time.

### CAMPBELL

(From the Citizen.)

The Catholic church at this place is to be provided with a permanent priest—Father Sirois—who will take charge the first of the year.

Will Reed, who always returns a borrowed article before breakfast the next day, did some highly creditable gymnastic stunts on the icy crossing Saturday while taking home a wrench which he had borrowed. As his feet flew up he threw the article he carried high in air without regard to who might be injured by the projectile.

The sad word was received here this week of the death of Mrs. Leon Orcutt formerly Leila Orcutt, who died of kidney trouble, in Seattle, on December 17.

### FRANKLIN

(From the Sentinel.)

Dr. Smith went to Juniata Wednesday, found his bride, was married, and is back again. Lucas Kelso went to the same city about the same time but with what success we haven't learned yet. Better watch the incoming trains.

F. M. Jinkinson, once upon a time a resident of this place, but now a farmer near Oxford was a victim of a well planned hold up in the not very remote past, but which ended in victory for "Jenks" and discomfiture for the bold desperado.

Talk about grit, last Sunday while Andrew Minick, living south of River-ton was putting a revolver into his hip pocket the gun went off, the bullet lodging deep in his hip. He came up on the train that evening, had the bullet located by the X-ray machine, extracted, and the incision sewed up again. Next morning he walked down to the depot, got on the train and went home.

Mayor W. A. Chitwood had what might have been a most calamitous accident last Sunday evening which happily for him finally resulted in nothing more serious than a bad fright and a scorched mustache. It

seems that the mayor had been rabbit hunting lately and had forgotten to remove some of the cartridges from his pockets, which, becoming mixed with his "old style" incidentally got into his pipe. The resultant accident blew the cob as high as the grain which once surrounded it is now soaring and the astonished mayor says he is not looking for it to come down until spring if it does then.

### LEBANON

(From the Argus.)

Nancy A. George died at her home near Stuart, Dec. 23. Funeral services were held the day following, conducted by Rev. Tremain, of Lebanon.

The marriage of Janet, youngest daughter of Mrs. W. F. Miller, and Mr. Raymond Albert Myers took place at the family home in Cora township at five o'clock Monday.

Earl Weaver died at the home of his parents in Lebanon, December 23, in the eighteenth year of his age. Funeral services were conducted next day from the M. E. church. Rev. Tremain officiating. The body was taken to Norton for burial.

Hastings Smith and Elizabeth Kinsey slipped over to the probate's office at Red Cloud and were united in marriage. So quiet did they keep things that the Argus failed to hear of it last week. The groom is a son of Mr. and Mrs. J. Smith, the bride a daughter of Mr. Will Kinsey.

Mr. and Mrs. Atwood, of Omaha, the latter a daughter of Mr. and Mrs. Dave Weaver were called to Lebanon this week on account of the sickness that resulted in the death of Earl Weaver, Monday night. Mr. and Mrs. Bert Harmonson of Norton, and Herrschel Weaver, also spent the week here.

The infant son of Mr. Owen Hollar, of Oklahoma, died at the home of Mrs. Hollar, Monday. The mother's death occurred at the home of her parents, Mr. and Mrs. S. McCleary. The father of the little one returned to Oklahoma only Saturday night, leaving the baby, which was then sick, with his mother.

As Smith county held a pretty heavy mortgage on our property which had to be paid by the 20th, we thought we would ask our friends to help us out. We wrote to just twenty of them who owed us \$91.15, none of them less than two dollars. Of that number, three sent regrets, all the rest being paid in

cash but \$87.62. P. S. We got our taxes paid by overdrawing our bank accounts.

Wes Good fed his hogs a lot of high priced corn and then they all died on his hands. He says that the money he paid for some of the hogs and the corn will reach nearly \$700, to say nothing of the loss of the hogs which he raised. It is bad enough to lose a lot of hogs when no high priced feed has been used.

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## PANHANDLE, TEXAS.

We are still on the road for the PANHANDLE COUNTRY with parties who are buying land and if you are in position to make a small payment on a farm, and easy payments on the balance, come to our office and talk such a proposition over with us, and we are sure that you will agree with us that we have "the chance of your life" to offer you.

Nice smooth land, shallow wells of good soft water, a deep rich soil, the most healthful place to live in the wide world, populated with the best class of citizens that can be found anywhere, produces all of the cereals that grow in any rainfall, with a rainfall of an average of twenty-four inches per year, with \$5.00 of school money to each child of school age against \$1.35 average for other states, with a state where you can get a good school house built and a teacher hired as soon as you have seven children of school age in the district—a country destined to be one of the best fruit sections in the United States, where winters are mild and you can work the whole year around and where the burdens of life are made easy.

One of our Company is there now with two of our citizens to show them the country and to sell the land, and we have the promise of a large lot of men for our next excursion which goes by special car on January 7, 1908.

Mr. Howard Brown has just returned from the Panhandle where he purchased 320 acres of land and is well satisfied with the country. The last excursion that we were on had one hundred and forty people on it and one hundred and twenty eight bought land in the Panhandle.

We are looking for you to come to our office any day to talk this over so you can make arrangements to go with us on our next trip when you can have "the time of your life."
