## Red Cloud Drops Two.

Monday several hundred sweltering fans saw the Red Cloud mavericks navigate through Baker's beautiful bunch of Cambridge heroes. Clegg known to all as Haggerty mounted the hill of supremacy and for nine long innings did he speed the sphere to the little receiver behind the pan, striking out ten of the heroes and issuing but three passes to the initial corner. Unfortunate errors in the fourth inning after Bakom, a star that has mightily fallen even in the bush league, walked to first. DeConley singled and Rohrer fled to Masters who erred and in came two runs for Cambridge. Then in the seventh an error by Clegg, and a two base hit scored one run. The last of the counts for the heroes was made in the eighth on a walk and a two base hit. Red Cloud commenced their run-getting in the first inning. Little Braddie came to bat and soused the first of the honorable Mr. Ousley's curves for two bags. Prof. Adams singled as also did the veteran captain scoring Brad and Adams. Saline not to be outdone sacrificed captain to 2nd and he reached 3rd on Nelson's out. Smith singled and scored Schoonover. Walters retired the side. First inning score 3 to 0. Masters in the second inning singled. Haggerty bingled, Braddie hit, Adams was walked, Schoonover hit for two sacks, scoring Masters and Clegg. Saline singled scoring Adams. Schoonover being put to sleep at 3rd base. Doctor walked and Smith retired the side, 3 more scores for Red Cloud. Fourth inning an error by the late Mr. DeConley and a single by Haggerty could score a run. But in the fourth a single by Adams, an out by Captain and two bags by Saline and a single by Smith scored two runs. And in the fifth Mr. Ousley a pitcher of some prehistoric time coming from some desolate burg of dear Missouri, was handed a lemon of no small quality. Masters went out from short to first. Haggerty sacked for two bases, Braddie singled, Adams walked and was forced out at second by the captain and in which we scored two more runs. The rest of the game was finished by a Mr. Lucas and the Mavericks couldn't look at him and thus the game ended 10 to 4, the heroes of the mighty battle had slaughtered 14 hits, 3 for extra bases, 3 walks off of Mr. Ousley and 1 hit, and 2 walks coupled with 3 beautiful errors by Mr. DeConley the ladies man amassed a terrible reckoning in the score book thereby.

### SECOND GAME.

Tuesday afternoon before a crowd of boisterous fans the red suited heroes from far away Cambridge treated Captain Schoonover's Mavericks to a much needed coat of white wash score being 1 to 0 in favor of Cambridge. Errors, juggling the ball like a Kellar or a Herman, bunching them all in one inning gave the game to Cambridge. Also when the Mavericks had their only chance to win the game, it was thrown away on a play worse than a couple of school kids from Guide Rock would do. Nelson walked and was sacrificed to 2nd by Masters, Clegg singled and Nelson cutting 3rd base by about forty feet was put out at third base losing the only chance to score the Mavericks had. Masters for Red Cloud pitched a superb game giving only one walk striking out 11 men and allowing only 3 hits. While Fugate was not far behind striking out nine men giving only two walks and allowing only two hits. The only score of the game was made in the 6th inning which was made by Cambridge. Hutean hit to Bradbrook. DeConley singled, advancing Hutean to second and Bakom fled to Walters who missed it letting Hutean score. Two rank errors when the game should have been going on yet. But through the Mavericks lost it possibly they will redeem themselves. Score.

### NEW PRINCIPLE OF FIGURING.

System of Household Economy That Seems Possessed of Justice.

In a discussion of household economy a club woman said the other day: "The late Susan B. Anthony once threw a new, strange light on this subject. She was talking to me about the allowances that husbands make their wives, and I can't help thinking that there was a good deal in what she said."

"She said that an average man and his wife, an average woman, were discussing their receipts and disbursements. The man, a bookkeeper, had had his salary reduced. It was now \$1,100. He wanted his wife to tell him on what weekly allowance she could hereafter run the house."

"Well," said the wife, "there are a good many things to consider."

"I know it," said the man, "but just figure them up."

"She began to calculate. 'There are the clothes for the three children,' she murmured. 'There's the servant's wages. There's the butcher, the grocer, the baker, and the milkman. There's the rent, the—'

"Well, figure it up! Figure it up, can't you?" the man interrupted, rather impatiently.

"The woman looked up suddenly. 'I could figure it up,' she said; 'but I have thought of a much simpler plan.'"

"All right. What is it?" said he.

"It is," she answered, "that you figure up instead what it will cost you for car fare, luncheons and so on."
