

A LITTLE SUFFERER

Face, Hands and Arms Covered With Scrofulous Humors—How a Cure Was Effected.

"When five years old my little boy had scrofula on his face, hands and arms. It was worst on his chin, although the sores on his cheeks and hands were very bad. It appeared in the form of red pimples which would fester, break open and run and then scab over. After disappearing they would break out again. They caused intense itching and the little sufferer had to be watched continually to keep him from scratching the sores. We became greatly alarmed at his condition. My wife's mother had had scrofula and the only medicine which had helped her was Hood's Sarsaparilla. We decided to give it to our boy and we noted an improvement in his case very soon. After giving him four bottles of Hood's Sarsaparilla the humor had all been driven out of his blood and it has never since returned."

- COUNTY.**
- For Representative, J. S. WHITE, Of Lincoln County.

- For Commissioner, 3d District, J. W. RUNCHEY, Of Lincoln County.
- For Commissioner, 5th District, JEROME VANCE, Of Lincoln County.

Fusionist managers have already quietly conceded the certain election of E. J. Burkett in the first district, Hon. Dave Mercer in the second, and their anxiety is becoming wrought up to the highest degree, over a condition and not a theory which confronts them in the other four districts.

Isaac Shephardson of Riverton, who is a heavy taxpayer in this city, has been nominated for state senator on the republican ticket in his home district. We know him for a good, true, conservative and able business man and are sure that the state could not have a safer or more trustworthy legislator.—Central City Republican.

Charles E. Hicks of Bladen was last night chosen by the republican float convention to represent the 46th district in the house of representatives. The nomination was not contested. Mr. Hicks is in the drug business at Bladen and has lived there for a number of years. He is popular in the community and is confident that he will carry Adams and Webster counties over his opponent, Mr. Uerling, of Ayr.—Hastings Record.

Roderick Dhu Sutherland is being called to a strict account for the many things he so ably left undone while in congress, and when C. E. Adams completes his analysis of the pretended great pension getting record claimed by this would be statesman, nothing in consequence will remain to warmly commend itself to the intelligent soldier vote, in which Congressman Sutherland is at this time manifesting such deep solicitation, sacrificing and kindly interest.

The United States has the most liberal pension system in the world, and it is a matter of history and general information that it is the creation of the republican party. The majority of democrats bitterly fought this enactment into law, and the headway Mr. Sutherland may have made in "securing" pensions is not due to him nor the demo-pop party, with which he is allied. The present administration is republican and favorable to dealing fairly with the pension roll, and this pretender from this district is having it fully explained that his efforts in behalf of the old soldier have not been so greatly strained after all.

Republicans may well devote themselves to the work of electing a legislative ticket over the state. The election of a republican to succeed Senator Allen is of paramount importance. In Webster county we are favored with a strong and able candidate on the re-

publican ticket in the person of J. S. White, who needs no recommendation to our people, having been tried and found to be a worthy, competent and efficient officer. In Isaac Shephardson the republicans have a splendid candidate for state senator, a man who is a practical and successful business man and a man who will represent the district with honor and efficiency. Everything is in first class shape for a clean victory this fall in this county and senatorial district. Let the party only do its duty and both our legislative candidates will read their titles clear to seats in the next legislature.

In the various congressional districts throughout the state the contests are becoming spirited. The people are manifesting a deeper interest in this fight than in several previous elections. A strong sentiment is crystallizing among the calm thinking voters of the state this fall for the election of members to congress who have ability and influence; who are more in harmony with the progressive spirit of the times and who are in hearty accord with the great and just war president, William McKinley, and the safe policies of his administration. Especially, they are beginning to reason and argue everywhere throughout the state, this is the time when we should elect our very ablest men. Many questions of weighty import will come up before the fifty-sixth congress for settlement of the deepest concern to the present and our future national welfare. We do not wish, we cannot afford to have so many of our congressional districts misrepresented for another two long years. This is the feeling, this is the talk all over the state. People are coming to their senses, getting on more intimate relations with their reasoning faculties and are doing a great deal of good, wholesome, rational thinking.

The jealousy and hatred fusionists have for each other are pronounced and deep-seated. The aversion held by satan for holy water is very mild in comparison. But their innate unquenchable love for office excellently overshadows all. It endures all things and covereth up all things. But how it raises the temperature of one of these fusion fellows to even intimate that everything is not exactly harmonious in the camp. He will explain matters a half hour if you will give him an audience, in a labored effort to convince everyone within the sound of his sonorous voice that everything is all right and that the relations between the different emergency headquarters are most cordial and happy. But there are numerous little complications neither restful nor reassuring to those in close touch with the management and inner workings of the triple alliance machine. Mr. Gaffin has a chairmanship and headquarters, big red apple given him as a pacific measure in consequence of his speedy knock-out by the managers in the exhilarating race for the gubernatorial nomination. Oily inspector Edminsten was assigned another chairmanship, his prime duties being to elect a legislature favorable to Senator Allen for reelection, the senator fearing to trust his personal welfare in the hands of Chairman Gaffin. Above all things the senator wants to be re-elected. The bent of his mind seems to be wholly along those lines. The state officials have established still another, an entirely "independent" headquarters, under the capitol dome, having severed all diplomatic relations with both the other chairmen, who they are fully convinced are working solely in the interest of Mr. Poynter and Senator Allen. It is authoritatively stated that Mr. Gaffin never calls at "independent" headquarters under the state house dome, always requesting those who have any business with him to drop around at "my office." The harmony exhibited by these various factions is really phenomenal.

The news of passing events reaching republican headquarters these days is fraught with stirring interest of the most substantial and encouraging nature, and is correspondingly depressing to the spirits of those now attempting the management of the much confused triple alliance. While the campaign is not yet far advanced, the political horoscope already reveals a wealth of unmistakable signs that need no interpreter. They stand out distinctly, portraying the real situation. Candidates on the state, congressional, legislative, and county tickets are engaged in an active canvass and they are receiving able assistance from the best speakers contained in the party all over the state. Reports from large enthusiastic meetings from every direction of the compass arrive with each day's mail, all containing cheering news for republicanism. People are interested and are coming out to hear the truth. The fires of republicanism are burning brightly. The inspiration of the hour is caught up and carried into every village, town and voting precinct in the state. Judge Hayward's speech before the G. A. R. at the state reunion and at the Oliver theatre in Lincoln sounded the key note to the republican campaign and have placed the opposition entirely on the defensive. Those speeches contain statements, figures and deductions that have sent alarm to the hearts of the fusion gang of pass grabbers and

office seekers, for they know that in them is contained the real essence of everlasting truth. How happy the contrast of Judge Hayward's dignified and dispassionate utterances regarding the condition of the soldiers camps at Chickamauga as seen by himself on his recent visit there, to the ratings and ravings of the seditious yellow newspapers for political effect.

The wholly unexpected is continually happening to the hastily constructed breastworks of the confused triple alliance. A thirteen-inch shell has just been aimed with precision at their strong bulwarks of mud and from reports it performed with deadly effect. It came at a time and from a source least expected. In their zeal to make a record of "economy" to be used as political capital to get back in on, these sham "reformers" have far overreached. The state board has been feeding the blind, foolish and insane entrusted to their care in the various state institutions on the worst grade of oleomargarine, purchased of Phil Armour's grease factory down in Missouri on the supposition, of course, that these helpless and unfortunate wards would never know the difference, and it would be a "great saving" to place in the reform credit column of self-glorification. The campaign managers did not intend for this nasty, wicked scheme to be uncovered until after election, but the real truth of the matter has come to light and has gone over the state and is arousing much just indignation. The iniquity of these imposters does not end with taking advantage of the blind, feeble minded and insane, in itself an offense that smells to heaven. It is three-fold. They have violated the divine law, the law of our state and aimed an insult and injury at one of our most promising young industries. In 1895 the state passed a law in the interests of the farmers and dairymen, making oleomargarine contraband. The creamery industry of the state is an important one, destined to have a wonderful growth in the immediate future if properly fostered and encouraged. The dairymen and buttermakers of the state are amazed—yes, they are fighting mad—that the industry should thus be, right in its infancy, ignored, outraged and defrauded by those, too, who have always professed to be its most enthusiastic friends. During the past fourteen months 11,500 pounds of the vile stuff has been purchased for the Hastings asylum for the incurable insane, which cost \$1,144.30 as the vouchers show. At that rate per capita the amount of oleo needed for all the state institutions for a period of fourteen months would be 51,859 pounds, which cost the state board \$5,185.90, provided that the same low grades were purchased throughout all the institutions, which there is no reason to doubt. Over \$10,000 would have been the sum to find its way into the pockets of Nebraska butter makers, if the hypocritical state board had patronized home industries, instead of Armour's grease factory down in Kansas City and the poor unfortunates now at the mercy of these unnatural beings with hearts of adamant, would have received an article of food fit to be eaten; an article of butter equal in quality to the kind used on the tables of those boasted "reformers."

How to Prevent Croup.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. It is a household necessity in this county and no matter what else we run out of, it would not do to be out of Chamberlain's Cough Remedy. More of it is sold here than at any other remedy combined.—J. M. NICKLE, of Nickle Bros., merchants, Nickelville, Pa. For sale by H. E. Grice.

For broken surfaces, sores, insect bites, burns, skin diseases and especially piles, there is one reliable remedy DeWitt's Witch Hazel Salve. When you call for DeWitt's don't accept counterfeits or frauds. You will not be disappointed with DeWitt's Witch Hazel salve. C. L. Cotting.

Miraculous Benefit RECEIVED FROM Dr. Miles' New Heart Cure.

ELLI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsell Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.
