"Trust Not to Appearances."

That which seems hard to bear may be a great blessing. Let us take a lesson from the rough weather of Spring. It is doing good despite appearances. Cleanse the system thoroughly; rout out all impurities from the blood with that greatest specific, Hood's Sarsaparilla.

Instead of sleepless nights, with consequent irritableness and an undone, tired feeling, you will have a tone and a bracing air that will enable you to enter into every day's work with pleasure. Remember, Hood's never disappoints.

Scrofula Bunches - "An operation helped my son temporarily for scrofula bunches on his neck, but Hood's Sarsaparilla caused them to disappear entirely." Mrs. Lewis A. Carpenter, 51 Wadsworth Street, Hartford, Conn.

Catarth - "I have had no return of the catarth which troubled me for years, since Hood's Sarsaparilla cured me." Mrs. J. M. Mason, Washington St., Ogdensburg, N. Y.

Dyspepsia - "Nothing relieved me of my dyspepsia until I took Hood's Sarsaparilla. It cured me and I can eat three good meals every day. I give it to my children every spring." Fred Pokillek, 437 South Penna Street, Indianapolis, Ind.

Reply to Sherwood.

EDITOR CHIEF:—While it is not my desire to get up an opposition letter, though the Sherwood correspondent on the 10th got onto my toes to some extent and I am bound under the circumstances to take exceptions to it. If the party is a Sherwooder how upon earth does he know all about our creek and for three miles west and two miles east of and all about my business. I live four miles north of that postoffice. Then, too, he was simply making light of me because I failed to sell a certain piece of land, and tried to make it appear that I sold more than I did. Now as I am accused of writing them items

I here state to several of the readers of THE CHIEF that I did not, and want to state here that any correspondent should state facts and not write so recklessly. Such items as they got in that C. Barrett had sold his farm for \$300 more than he actually had, and Chas. Arbuckle was going to fence 160 acres hog tight when he only expects to fence forty acres for cattle, and that Robt. Gillis had 1000 bushels of corn to husk when he has not got one fourth of it. Then a hard winter in Missouri for a good wheat crop, then V. H. Scribner of Andersonville while I live a mile and a half south, and that the peach buds were killed and some of the trees, that is a great recommend to this country to those who expect to emigrate here in the near future. Not a tree is hurt, and not all the buds. Then they say the grip, hog cholera and populist party have all left the creek. They meant to stir me on this for no one hears me making any such comparisons of the pop party, for there are several on our creek who belong to it and I think some of them are good people and honest in their opinions as I am. Mr. Arbuckle's 300 pound pigs weighed over 300, and there has been no Sunday school at Mt. Hope since last fall. Mr. Correspondent you must have wheels in your head. Whether you have or not, when you write again do not exaggerate so and then fail to give your name, and have my neighbors jump onto me about your wild writing. Now, many think I am the State creek correspondent, or Occasional, but the editor of THE CHIEF knows whether I am falsely accused or not, and if I was I would write facts or nothing and give my signature and then I would give neighborhood items and not commence at Sherwood and run six miles north to Andersonville and then all over from the Jewell county line to Judson, seven or eight miles west or over. Now, Mr. Correspondent, should my letter not find its way to the waste basket, and be published as your false reports were, and I have misrepresented you in any way, I am sorry for it, and will give you the same privilege I have taken. Though when you correspond again go on your hook and don't try to get your items off onto me, and sign up what you write as I do. My name is not Sherwood, State Creek or Occasional. It is V. H. SCRIBNER.

OBITUARY.

Pearl L. Frase, daughter of Mrs. Minnie Frase, was born near Pleasant Hill, Nebraska, December 31, 1892, died at her home in Red Cloud, last Wednesday, March 15th, 1899, of spinal disease, aged 6 years, 3 months and 15 days.

She was a noble, christian child and much loved by all who knew her. The funeral services were held in the M. E. church Friday morning, March 17, 1899, conducted by Rev. Husong assisted by Rev. Darby. The remains were laid at rest in Pleasant Hill cemetery. Sister Frase and little brother George have the sympathy of the entire community.

IN MEMORY OF PEARL.

There's a pair of little hands,
Laid to rest forever more,
Those two pearly dimpled cheeks,
Whose rich blossoming is o'er;
Death has closed two little eyes,
That will no more smile or weep;
Tiny windows of the soul,
Little Pearl has gone to sleep.
There's another bud removed,
Ere it felt the blight of sin,
Through the doors the angels made,
Little Pearl has passed in.
Far beyond the azure skies,
Where the tiny star eyes peep,
From all earth's sad doubts and fears,
Little Pearl has gone to sleep.

The dainty garments wrought with care,
Through happy hours for love's sake,
Are laid away for one more fair,
Than mother's hands can make.
How could we bear this heavy cross,
The loneliness, the cruel pain,
Did we not know our earthly loss
Was her eternal gain.
She will awake in fairer lands,
Where the angel's voices sing,
There the flowers shall expand,
There shall love's perfection bring.
She has reached the golden shore,
Through the river cold and deep,
Angels bore her softly there,
Little Pearl has gone to sleep.
—Her Teacher, C. M. Hummel.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs this disease of dangerous consequences. Sold by H. E. Grice.

Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse and his condition was indeed pitiable. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swift's Specific). A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health.
Mrs. S. S. MARY,
300 Elm St., Macon, Ga.

For real blood troubles it is a waste of time to expect a cure from the doctors. Blood diseases are beyond their skill. Swift's Specific, S. S. S. For the Blood reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral. Books mailed free to any address by Swift Specific Co., Atlanta, Ga.
