

THE RED CLOUD CHIEF

VOLUME XXVII.

RED CLOUD, NEBRASKA, APRIL 14, 1899.

NUMBER 15

"He That Stays Does the Business."

All the world admires "staying power." On this quality success depends. The blood is the best friend the heart has, and "faint heart" never won anything. Hood's Sarsaparilla is the best friend the blood ever had; it cleanses the blood of everything.

If you would be strong in the race of life and "do the business," you must "stay." Hood's Sarsaparilla makes the struggle easy. It gives clear, strong blood; hence perfect health ensues.

Hives—"The itching of hives which troubled me last summer was terrible; blotches came all over my body. Hood's Sarsaparilla and Hood's Pills cured me." Mrs. MARY INBOTT, 235 South Wolf St., Baltimore, Md.

All Run Down—"I was as tired in the morning as at night, had no ambition, weak and run down. Three bottles of Hood's Sarsaparilla built me up and cured me. Can eat well and sleep well." Mrs. CHAS. MOZL, 418 Madison St., Sandusky, Ohio.

Female Troubles—"I would have welcomed death any time as a relief from catarrh of the womb and other serious troubles. The best physicians said my case was hopeless. I stopped taking everything else and took Hood's Sarsaparilla. New life came to me and I gained until I am perfectly well and strong." Mrs. EMMA J. FISHER, Lonedell, Missouri.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills, are non-irritating and only cathartic to take with Hood's Sarsaparilla.

GARFIELD.

C. A. Campbell is fencing a garden Hog cholera is raging in the east part of the township.

Spring has opened up and farmers are sowing oats. Fall grain is showing up nicely.

We want to tell you that we are getting independent in Garfield. We have a salesman who will sell dry goods at wholesale or retail and also have a doctor.

A great deal of the alfalfa is reported to have frozen out during the cold weather. TRAMP.

Big Bargains in Choice Farms.

I have for sale within two miles of Red Cloud about 1600 acres choice improved farms of 80 acres or more, very cheap on favorable terms. These lands must be sold regardless of price. Come and see me for bargains in land. F. E. GOBLE.

ONLY ONE CURE FOR SCROFULA.

S. S. S. is the Only Remedy Equal to this Obstinate Disease.

is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be lanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Swift's Specific—

S. S. S. FOR THE BLOOD

—Is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetters, Pimples, Sores, Ulcers, etc. Insist upon S. S. S.; nothing can take its place. Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.

STATE CREEK.

There has already been many gardens and potato patches planted.

Weather nice and everybody trying to farm, and the soil was never in better condition.

Miss Bertha Camaron closed a very successful term of school at Mt. Hope last Friday.

The grass is starting nicely in low places and in some instances a sheep or a calf could live on it.

There will not be the acreage of corn this year that is usually put out for the reason that there are so many more acres of small grain.

Rye and wheat are starting as nice as could be wherever in was drilled, but in some instances where it was sown broadcast it is no good.

While corn and oats are only 23 to 25 cents and hogs \$3.25 to \$3.35, potatoes are \$5 to \$1.00 per bushel and millet and cane seed about the same.

The health in this part is better except Mr. Wood and Willie Stevens who have been down with lung trouble for some time and who is no better.

Sowing oats is the order of the day. The acreage will far exceed that of any previous year and there is already a lot of rye and wheat sown and some few are sowing spring wheat.

A general wind up to parties. A lot of the young people of this creek met a few nights ago at an old house that had lately been vacated and some seemed to enjoy themselves very well.

Rheumatism Cured.

My wife has used Chamberlain's Pain Balm for rheumatism with great relief, and I can recommend it as a splendid liniment for rheumatism and other household use for which we have found it valuable.—W. J. CULVER, Red Creek, N. Y.

Mr. Cuyler is one of the leading merchants of this village and one of the most prominent men in this vicinity.—W. G. PHIPPIN, Editor Red Creek Herald. For sale by H. E. Grice.

Before the discovery of One Minute Cough Cure, ministers were greatly disturbed by coughing congregations. No excuse for it now.—C. L. Cotting.

Men who are always in a hurry, and most men are, want a soap for the toilet that will lather quickly and freely in hot or cold water. Other soaps than Ivory may have this quality, but will likely contain alkali, which is injurious to the skin. Ivory Soap is made of pure vegetable oils, no alkali, produces a white, foamy lather, that cleanses thoroughly and rinses easily and quickly. Money cannot buy a better soap for the toilet.

A Good Show.

It is really refreshing after all the "Uncle Tom Cabins," "Negro Minstrels," "Dr. Brownfields," and goodness knows how many more snide affairs, to be able to say at last that we have a show worth going to see. It is only a ten cent show and a medicine show at that. However during their stay here this week, the King of Herbs people have proven themselves worthy of the popular support they are receiving, giving a really good performance, and deport themselves as ladies and gentlemen. We understand that they stop at either Phillipsburg or Kensington where their good name has doubtless preceded them. This excellent company is coming to the Red Cloud Opera House on Monday April 17 for one week. Admission is only ten cents.

April Showers.

Wash away the filth and waste that have accumulated during winter.

In like manner Hood's Sarsaparilla expels from the blood impurities that have been deposited during the season when there has been but little perspiration and perhaps constant confinement in impure and vitiated air. It is a boon to tired mothers, housekeepers, teachers and others who spend their time indoors.

It gives the blood richness and vitality fitting it to nourish and strengthen the nerves, muscles and all the great organs of the body. It cures all spring humors and banishes that tired feeling.

It is the best medicine money can buy for all diseases caused by impure or impoverished blood. You should begin taking it to-day.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by H. E. Grice.

Card of Thanks.

We desire to thank our many friends who so kindly assisted us during our late bereavement, the death and burial of our daughter, Etta May.

ALMOST FORGOTTEN.

Little Stuff Which Almost Escaped the Public Eye Through Carelessness.

The past few days has caused a spring feeling to crawl up and down the spine of the average person.—However this feeling does not work on all the same.—With some it is a time for extra exertion and with others it is a time to try and find a cool spot.—For the latter class this is poor weather.—The soft sunshine brings to them the spring fever, that awful disease which makes them sick at the stomach or some other place whenever they are asked if they want a job of work.—They can generally be found on the sunny side of a building in the morning and on the shady side in the afternoon.—But speaking of Spring, did you ever stop to realize what were a few of the surest signs of the approach of Spring?—Longer days and shorter nights.—Swelling buds and the return of the blue jays.—Furniture, wall paper, paint and millinery bills.—Pretty girls of promenade, moonlight strolling and "that tired feeling."—The shirt waist craze, the odor of the burning trash heaps, the tingle of the cow bell, and the alarming amount of poetical effusions all go to show that the time to plant garden has come.—

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the case with myself or children.—W. A. STROUT, Popomoke City, Md. For sale by H. E. Grice.

A sign hung in the partially depleted store of a New York funeral director who had moved further up town caused many a smile among passers-by the other day. It read: "Have gone to a better place above, where a fine stock of coffins, caskets, and so forth will be found, with all the latest designs in funeral furnishings."

For frost bites, burns, indolent sores, eczema, skin disease, and especially piles, DeWitt's Witch Hazel Salve stands first and best. Look out for dishonest people who try to imitate and counterfeit it. It's their endorsement of a good article. Worthless goods are not imitated. Get DeWitt's Witch Hazel Salve.—C. L. Cotting.

Martin Cemetery Association.

The friends of the above association will meet on the grounds Friday, April 21, for the purpose of cleaning the graves off, planting shrubs and flowers and improving the cemetery. JNO. B. STANBEE, Chm.
