**The Gold That Glitters.**

**DO RICHES MAKE HAPPINESS, OR DOES HEALTH MAKE WEALTH?**

The richest man cannot always be said to be the most successful, for true success is not possible without happiness. Many a wealthy man would give all he now possesses to have the health and happiness of a young athlete. Health is not hard to get and keep if good judgment is used in caring for and supplying the needs of the system. Nature often needs assistance; you sometimes abuse nature by overtaxing your nerves, your brain, or your body, and you haven't time to relax, and take the rest that you need. You must have outside help. Pabst Malt Extract, The "Best" Tonic, will supply the extra fuel, food, and strength; it is absolutely pure—an unequalled assistant to nature in giving health, vitality and strength. It will make you eat and sleep well, and cause you to feel like yourself again, or perhaps, better than you ever felt in your life. The "Best" Tonic was awarded the 100 points of perfection at the World's Fair, and was the only Malt Extract which received that honor. Your nearest druggists carry Pabst Malt Extract, The "Best" Tonic in stock.

 At the next meeting of the city council the question of the refunding of the water bonds will probably come up, and if public sentiment is counted for anything means will be provided to submit the question to the people.  The large bills for the celebration are out and the country will soon be thoroughly advertised. The prospects are good for Red Cloud having the largest crowd in the history of its celebrations. There will be no celebrations in any of the small towns around, none are announced as yet, and with the proper effort on our part we should eclipse all former celebrations.
