### TO CLEAN MATTING.

To make soiled matting look fresh and bright prepare a pailful of warm water with a handful of salt and four tablespoonfuls of Ivory Soap shavings dissolved in it. With a clean cloth squeezed out of the mixture, wipe every breadth of the matting, rubbing soiled spots until they disappear.

A WORD OF WARNING.—There are many white soaps, each represented to be "just as good as the Ivory;" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

### STATE CREEK.

Crops are more than booming since the big rain. Mrs. V. H. Scribner visited with Mrs. Spencer Potter last Sunday. Several new residences and barns will be built in this part in the near future. The Crow Hill Sunday school is well represented by Mt. Hope scholars every Sunday. Haying has commenced and that is all right as the grass is about done growing and should now go in stack. Old Uncle Henry who has been sick a long time at his sons out in Logan township is dead and was buried last Friday in Mt. Hope cemetery.

Stock hogs large enough to feed are greatly in demand and while fat ones only sell for \$4.00 to \$4.25, stockers go for at least 5 cents per pound.

The 74th birthday dinner at old Uncle Cyrus Francis' was well attended last week and he received several very valuable presents, among others a fine suit of clothes.

Road work has already commenced, and will Mr. Fruit our new road boss, remember that our road needs more attention than any other and if he will come on it soon he will get two or three days volunteer work.

A man with an old binder refused to cut several pieces of grain until he had cut his own twenty or twenty-two acres of oats; then he went to cut for one or two more and finally cut ninety acres of oats and cut around two new binders.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy. C. L. Boggs, Staunton, Gilmer Co., W. Va. For sale by H. E. Grice.
