CENTRAL WEBSTER.
The dust is settled at last.

Quite a little rain Sunday.

Godfrey Monia has built an addition to his house.

Mrs. Mattie Smith has recently erected a new windmill.

James Hilkie has been on the sick list for some time.

Wm. Varral is working in Guide Rock at the brickyard.

Mr. Gid Hayden and daughter visited at the home of J. D. Anderson Sunday.

J. D. Anderson had the misfortune to lose a good horse on Saturday night.

R. B. Thompson has recently purchased the farm known as the Dan Cook homestead.

A niece of Chas. Molley from Wisconsin has been visiting at the home of the latter for some time.

Sanford Croxton is building a new barn and also expects to put down a new well near the house.

John Konzack who fell from a building some time ago and hurt his foot is unable to walk yet without the aid of crutches.

Mrs. Mary Dauthel who has been visiting her brother Dave Fishel and family left for her home in Otoe county Sunday.

We notice that the editor of the Red Cloud Nation says he does not believe in electing boys to office. We suppose he had reference to Mr. Reed for clerk and Mr. Adamson for sheriff. But the majority of the voters up this way believe that they are all right when the government after a rigid examination pronounced them sound in body and mind and fit to bear arms in defense of their country. And the boys, as the Nation styles them, have helped to add new luster to their nation's flag (not the Red Cloud Nation) and have returned without self-estimation half so exalted as the editor of the Nation and the present sheriff. They are worthy of the support of every loyal citizen of Webster county and if they keep on gaining in popularity the present incumbents will be given a chance to pound Webster county clods next spring.

INAVALS.

Sunday school is at half past ten next Sunday.

Uly Knight lost a fine steer the other night. Cause of death unknown.

Wade Koonz went to Kansas City with a carload of cattle this week.

Born, Saturday night to Mr. and Mrs. Ball, a fine boy; mother and son doing well.

Mrs. Effie Harvey left Tuesday morning for Fairmont, this state, to visit with her sister, Mrs. Della Martin.

Mrs. Sadie Holdrege went to Red Cloud Tuesday to attend a lecture remaining over until Wednesday with Mrs. E. B. Knight.

Dr. Myers was caught in the rain Sunday afternoon while in attendance on Aunt Jessie Harvey who has been ill for several weeks, and Fred Kelso who has typhoid fever. He reports both patients somewhat better.

How to Prevent Croup.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents an attack. It is a household necessity in this county and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than all the other cough medicines combined.—J. M. NICKLE, of Nickle Bros., merchants, Nickleville, Pa. For sale by H. E. Grice.

Educate Your Bowels With Cascara. Candy Cathartic, cure constipation forever. 10c, 25c. H. C. C. Co. full, druggists refund money.

BLUE HILL.

Mrs. Alex. James is around again, hale and hearty.

Since the last issue we have had a gentle shower which caused the people to feel much better.

Mrs. McCoy and daughter were shopping in Blue Hill, and visited with Mrs. Waterbury on Monday.

Shucking is the order of the day and in a great many places the cattle are running in the corn stalks.

The noise of the corn as it strikes against the bat-board is the first thing to be heard after sunrise around Blue Hill.

Mrs. Julia Hogate returned from Kansas where she was visiting, last Saturday. She was met by Mr. Hogate who acted real well.

The populist rally in Blue Hill last Saturday would have been a total failure had it not been for the sonorous voice of Watkins, as if crying a sale, stating that Conrad was running for office and to come and hear him. So republicans went in to hear Rev. Hussong preach his political sermon, in which he ridiculed McKinley's administration and acted somewhat like a dog baying at the moon. Mr. Adams would be district judge also took a shot at the Philippines with his mouth, and would like to tell McKinley what to do regarding the treaty now pending in congress.

On Monday evening Mrs. Helen Gougar, of other days, presented the trusts and combinations of the republican party to a large audience, but forgot that others as old as herself knew whereof she spoke, and knew it to be different from her statements, but such is the treacherous memory of the weaker sex. She played the same tune as did the others, only somewhat more "sharped." In order to draw a larger crowd they scattered tickets as if they were complimentary, and everyone felt highly elated over receiving such. She forgot to tell her followers to uphold the government of the United States, but like Atkinson would destroy our union. I think W. J. Bryan tunes the instruments, Stevens furnishes the music, Atkinson the poetry (if such it can be called), and if someone would only sit on the organ stool Helen said she would furnish vocal music and the words of the song rolled from her greased tongue like flashes from a republican torch after election.

QUILLDRIVER.

"Better Known Than Trusted."
This is a piece of condensed wisdom that might have saved many a man from business failure and many more from failure in the work of regaining health. When you want a medicine to purify your blood, give you appetite and strength and put you on the road to permanent good health, remember that Hood's Sarsaparilla is known. It has stood the test of time and trial and proved its power over disease. Other medicines may give temporary relief, but Hood's Sarsaparilla permanently cures. Others may altogether fail to do you any good; Hood's Sarsaparilla never disappoints. Others are unknown outside the neighborhood where they are prepared; Hood's Sarsaparilla is America's Greatest Medicine. Hood's Sarsaparilla is known by its wonderful cures and its enormous sales, by the honest, straightforward and original manner in which it is advertised, and by the abiding confidence it has won in the hearts of the people. Do not trust to uncertain results. Take Hood's Sarsaparilla and be sure.

What Do the Children Drink.

Don't give them tea or coffee. Have you tried the new food drink called Grain-O. It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about one-fourth as much. All grocers sell it. 15c and 25c.

Examination Notice.

Regular examinations for persons desiring to teach in Webster county are held in the superintendent's office at Red Cloud, the third Saturday in each month.

EVA J. CASE, County Supt.

Examine the new oil cloth on the kitchen floor; its color and gloss are being destroyed and you may see where a cake of common soap fresh from the hot water in the scrubbing bucket has been laid on it for a moment, the free alkali having eaten an impression of the cake into the bright colors.

A more careful examination will show small "pin holes" here and there where the alkali has cut through the surface to soak into and gradually weaken the whole floor covering.

This is what cheap soaps do. Use Ivory Soap, it will not injure.

IVORY SOAP IS 99% PER CENT. PURE.

ANIDOWN.

Three Doctors in Consultation.

(From Benjamin Franklin.)
"When you are sick what you like best is to be chosen for a medicine in the first place; what experience tells you is best to be chosen in the second place; what reason (i. e. theory) says is best to be chosen in the last place, but if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have had cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by H. E. Grice.
