The CHIEF will never support for office any man whom it considers unfit for the position he seeks; but it will always take pride in assisting an honest man, and doubly so when, added to qualification, the candidate has within him attributes that specially appeals to our Americanism. The loyal soldier that goes out to do battle for his country will always find a warm place in the hearts of our loyal people. This is right and as it should be. That is why Clarence Reed and Mert Adamson, the republican candidates for clerk and sheriff are receiving such liberal support from our people. They both donned the blue at their country's call and went out to fight for the old flag, and the people of Webster county who above all are loyal to the flag, will gloriously elect them to the offices to which they aspire. They are both splendidly qualified and will make good officers.

INAVALE.
Mabel Eddy is working for Mrs. Bail.

The long drouth is broken at last. The dust storm of Sunday is a thing of the past.

Mr. Burwell who has been sick for some time is resting up by newly shingling his house.

There were not many out to church last Sunday afternoon on account of the wind and dust.

Rev. Rippetoe preaches at the church next Sunday morning and evening. A cordial invitation is extended to all.

I suppose every pop in Inavale will go to Red Cloud Saturday to hear W. J. Bryan; a good many republicans too if they "know what they're about."

Little Ruby Harvey was taken sick last Thursday night. The doctor on being called pronounced it a case of measles. She is improving very slowly.

Lew Kenyon is building himself a fine new barn; Charley Hunter is having his cellar newly walled with rock and A. F. Hartwell is building a new coal house.

Dr. Myers was called out in the country Sunday to see Fred Kelson who has typhoid fever, and the young man was so much worse that the Doctor remained all night. Fred is again improving.

The town looks much better since the new bridge was put in over the creek. Old buildings and bridges in a rundown condition have a tendency to lower the standard of town or city and we are glad to note the improvement in Inavale.

The entertainment at the school house Tuesday evening was not a glittering success. There was not more than a dozen out and the night was wild and rainy. Little Miss Daisy Hunter carried off the ring as the most popular young lady present.

CENTRAL WEBSTER.
Politics are getting hot.
Still the wind blows. Wheat does not look very well.
Born to Mr. and Mrs. Add Howard on Sunday, October 22d, a girl.
Miss Snyder of Otoe county is staying with her sister Mrs. Godfrey Monia.

Warren Denny has bought the blacksmith shop and tools of M. B. Scott of Cowles and expects to move there as soon as he gets his corn out.
It is reported that at a political meeting at Mt. Hope school house by L. A. Hussong recently there were present three republicans, three populists and three children.
A young man named Parkinson while driving a horse hitched to a cart one day last week was quite severely hurt by the horse kicking him in the face. The cart was nearly demolished.
Miss Sadie Vaughan who has been visiting in Otoe and Lancaster county for several weeks arrived home last week. She was accompanied home by her grandmother Mrs. S. J. Vaughan who has come to spend the winter with her son C. E. Vaughan. She is 82 years old.
The Editor of the Nation says: "The sheriff's office needs a cool, level headed man. A raw inexperienced boy cannot do the work." If the present sheriff is such the people out this way have not found it out yet. He also says: "That no populist soldier boy asked an office for the mere reason that he was a soldier." The great editor of the Nation knows very well that Mr. Adamson was not a candidate until his friends commenced voting for him when there was a deadlock in the convention. But the most important thing to bear in mind is the fact that no republican preacher asked an office because (he would take off his coat and work for the whole ticket) or had 1,400 acres of Webster county land and was sharp enough to work the county board for \$35 for one acre of rough land.
