Out in Kansas

lives a happy wife. She writes: "I have used Mother's Friend before two confinements. The last time I had twins, and was in labor only a few minutes. Suffered very little." The reason why

Mother's Friend

does expectant mothers so much good is because it is an external liniment, to be applied upon the outside, where much of the strain comes. It helps because the pores of the skin readily absorb it, and it comes into direct contact with and is absorbed by the parts involved.

Druggists sell Mother's Friend for \$1 a bottle. Send for our free book on the subject, finely illustrated.
