From New Zealand.

REESTON, New Zealand, Nov. 23, '99. —I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value for the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.—E. J. SCANTLEBURY. For sale by H. E. GREE.

The laundress is sure of satisfactory results in her work if she uses Ivory Soap. Linens are of immaculate whiteness; no dirt or streaks anywhere. There's no room for criticism in the work when brought home. Ivory Soap is cheaper than common soaps in the end.

A WORD OF WARNING.—There are many white soaps, each represented to be "just as good as the Ivory"; they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

What Would You Give

To be cured of catarrh? If you or your friends have this disease you know how disagreeable it is. Its symptoms are inflamed eyes, throbbing temples, ringing noises in the ear, headaches, capricious appetite, and constant discharge of mucus. Fortunately its cure is not a question of what you will give, but what you will take. If you take Hood's Sarsaparilla, the great constitutional remedy, which thoroughly purifies, enriches and vitalizes the blood, you may expect to be completely and permanently cured. The good blood which Hood's Sarsaparilla makes, reaching the delicate passages of the mucous membrane, soothes and rebuilds the tissues and ultimately cures all symptoms of catarrh.

A HUSBAND SAYS:

"Before my wife began using Mother's Friend she could hardly get around. I do not think she could get along without it now. She has used it for two months and it is a great help to her. She does her household work without trouble."

Mother's Friend

is an external liniment for expectant mothers to use. It gives them strength to attend to their household duties almost to the hour of confinement. It is the one and only preparation that overcomes morning sickness and nervousness. It is the only remedy that relaxes and relieves the strain. It is the only remedy that makes labor short and delivery easy. It is the only remedy that swells the breasts in condition so that sucking or rising is impossible. Don't take medicines internally. They endanger the lives of both mother and child.

Mother's Friend is sold by druggists for 5c. Send for our free illustrated book. The Bradford Regulator Co., Atlanta, Ga.
