HOME CURE FOR BLOOD POISON.

Beware of the Doctors' Patchwork; You Can Cure Yourself at Home. There is not the slightest doubt that the doctors do more harm than good in treating Contagious Blood Poison...

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: 'I had spent a hundred dollars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this vile disease produces...

S. S. S. FOR THE BLOOD - acts in an entirely different way from potash and mercury-it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in where it lurks forever...

'Honest Labor Bears a Lovely Face.'

There is nothing more pleasing to look upon than a hearty, ruddy face, gained by honest toil. They are the saving of the nation, these toilers of both sexes, struggling for daily bread.

Pure blood makes them able to keep up the daily round of duty at home, shop or store. If the blood has a taint or impurity, or a run down feeling comes on, the one remedy is Hood's Sarsaparilla, America's Greatest Medicine for the blood.

Poor Blood - 'My blood was so poor that in hottest weather I felt cold. Hood's Sarsaparilla made me warm. It is the right thing in the right place.' Hattie J. Taylor, Woodstown, N. J.

Since Aguinaldo's prayers were so emphatically answered by the American people on November 7th, he has changed his seat of government to any where he stops - which is not very long at one place, as the United States troops keep him on the move.

Lieutenant Castle, aide-de-camp to General Brooke, military governor of Cuba, expresses the opinion that it will be a great mistake on the part of this government to supersede General Brooke with a civil governor at this time, and predicts much dissatisfaction among the residents if it is done.

Mrs. Joy, wife of Representative Joy of St. Louis has opened a new line of warfare on Representative-elect Roberts, of Utah. She is obtaining the signatures of the wives of representatives elect, to petitions, demanding that their husbands shall vote for the expulsion of Mr. Roberts from the house, and it is said that she has already secured quite a number. If

the women do not succeed in driving Roberts out of congress they will certainly make things very unpleasant for him. He is more likely to go than to stay.

Ex Governor John P. Altgeld is delighted over the Nebraska victory because he accredits a portion of it to his own efforts, for did he not make numerous speeches to the inhabitants of Bryan's state? He is doubly pleased because of having participated in the campaign and secondly of the prestige it will give him in his continuous controversy in local politics.

Notwithstanding the fact that Nebraska voted in a manner to indicate an indorsement of Bryan and the silver issue, the result in other states shows conclusively that the people are for sound money and the principles of expansion as now being fought by the administration. A number of leading democrats have expressed the belief that it is useless for the party to enter into the presidential campaign with Mr. Bryan as a standard bearer, and the sooner this fact is recognized the better it will be for the party.

The school children of the little town of Sutherland desired to see Bryan as he passed through, and had their teacher wire him at Sidney, requesting him to stop for five minutes. There being no cash with the order the champion of Aguinaldo did not deign even to reply. At Paxton he was again asked the same question when the reply was 'How much money can you raise?' The children had contributed their pennies at Sunday school for the benefit of the heathen in foreign lands and could not raise the stuff necessary to lay at the feet of the idol of the democratic party. The high priests of the tin soldier will have to swear still louder at Morton if they desire to convince the people that ten years of political life has made a philanthropist out of a man who commenced business on a cash basis.

An ex-member of congress who has just returned from an independent diplomatic mission to Europe brought back with him some picturesque ideas of changes that will occur to the map of Europe. He predicts that Germany will absorb Austria and Holland, and become the greatest power in Europe, and eventually will, through its colonial possessions in Asia, become embroiled in a great war with this country. That Russia will absorb Bohemia, Finland and Turkey, and will fight a big war with England for the possession of Asiatic territory, in which the United States is likely to become involved. That Spain will have another civil war as a prelude to becoming a republic; that Italy will become a republic after the death of Crispi, and that France, after having absorbed Belgium, will form a coalition with Spain and Italy against Germany.

THE CHIEF \$1.00 per year.

This week we give the official vote of this county at the election held November 7th. In connection with it we give the vote on supreme judges in 1897. A comparison shows a gain in the total vote in nearly every precinct. The total vote of the county on supreme judges in 1897 was 2307, and in 1899 was 2508, a gain of 201 votes. The highest vote recorded was for county superintendent, the total vote for that office being 2,658. This shows that 150 votes were cast for the candidates for superintendent that were not voted on the state ticket, and we have heard from some precincts in which tickets were marked just for township officers and road overseers and the county and state ticket left blank. The vote on county superintendent when compared with the vote on supreme judges in 1897 shows an increase of 351 in the total vote of the county.

'Many men of many minds' exactly describes the present attempts of the politicians to predict what will be the dominating issue in the presidential campaign. No better proof of the correctness of this assertion is necessary than the declaration of two prominent

members of the house, Grosvenor of Ohio, and Borham, of California, both republicans. Gen. Grosvenor said: 'There will be but one issue next year and that is the financial issue,' and Mr. Borham said: The money question will be hardly thought of in the next campaign. It was brushed aside and lost sight of in the state campaigns. The people did not want to hear it talked from the stump. The two things all persons were interested in were, first, expansion, and second, the trusts.' Other examples of contrary opinions might be given, but these will suffice to show that the politicians differ widely, and to recall the oft asserted fact that the people make national issues for the politicians to advocate.

THERE are women everywhere who suffer almost constantly because they cannot bring themselves to tell all about their ills to a physician.

A WOMAN HELPS WOMEN

Such women can surely explain their symptoms and their suffering by letter to Mrs. Pinkham at Lynn, Mass., for the confidence reposed in her has never been violated. Over a million women have been helped by her advice and medicine. Mrs. Pinkham in attending to her vast correspondence is assisted by women only. If you are ill, don't delay. Her reply will cost you nothing and it will be a practical help as it was to Miss ELLA E. BRENNER, East Rochester, Ohio, who says: 'I shrunk from the ordeal of examination by our physician, yet I knew I must have treatment. My troubles were backache, nervous tired feeling, painful menstruation and leucorrhoea. I am so grateful to you now that I am willing to have my name published to help other girls to take their troubles to you. Lydia E. Pinkham's Vegetable Compound used as you wrote me has made me entirely well and very happy. I shall bless you as long as I live.' Mrs. Pinkham receives thousands of such letters from grateful women. Miss NELLIE RUSSELL, of 138 Grace St., Pittsburg, Pa., in a letter to Mrs. Pinkham says: 'From childhood I suffered from kidney trouble and as I grew older my troubles increased having intense pain running from my waist to my womb and the menses were very painful. One day, seeing your advertisement in one of our papers, I wrote to you. When your reply came I began taking your Compound and followed your advice and am now in perfect health, and would advise any lady rich or poor to take Lydia E. Pinkham's Vegetable Compound, which I can praise above all other remedies. It is a wonderful help to women.'
