Bachelor's Banquet. Again have the members of the Bachelor's Club of this city met and banqueted, and again has another one of the members of the little band deserted their ranks and taken unto himself a helpmate. The one honored at the banqueting board on Monday evening last was Oscar T. Patmor who was married on the following evening. So far since its organization the club has lost but three members from its original membership of fifteen, but as the three have been lost since May 14, last, at this rate it will not take long to deplete the organization of these still remaining on the roll of honor.

Several of the members were absent, their present avocations in life having placed them in distant states, but the remainder, to while away the evening, as is their custom before the banqueting hour arrived, repaired to the rooms of Dr. L. H. Beck and spent the hours in pleasant pastime until near midnight when they betook themselves to the dining room of the Star Bakery where the banquet was served. As on the two previous occasions the dining rooms and banqueting table was decorated with a profusion of plants and flowers and the repast which consisted of ten courses was gotten up and served in the best style of the caterer's art. A number of toasts were given and responded to and the merry crowd broke up with the thought perhaps of who among their number would be the next victim of woman's wiles.

PATMOR—WEIDEMAN.

Married, at the bride's home in the northeast part of the city, on Tuesday evening, November 13, Mr. Oscar T. Patmor to Miss Christie Weideman, Rev. J. H. N. Cobb officiating. The wedding took place in the presence of a few friends and relatives. Promptly at 8 o'clock a beautiful wedding march was played by Mrs. A. B. Sellers, during the concluding strains of which the bride and groom preceded by attendants, Mr. A. B. Sellers and Miss Mayne Weideman, marched into the cozy parlor and took a position beneath an arch of artistically arranged blooming vines. The beautiful and impressive ceremony prescribed by the Methodist church was then pronounced, after which followed most hearty congratulations.

The bride was beautifully attired in cream silk gown trimmed with silk lace.

A sumptuous repast was served between the hours of 8 and 9 o'clock and was most heartily enjoyed by all present.

Many beautiful, appropriate and useful presents were received by the bride and groom.

Mr. and Mrs. Patmor will go at once to their home in Cowles where he is in business.

Heartly good wishes from hosts of friends go with this most estimable young couple in their journey of united life and fortune.

A Pleasant Surprise.

Wednesday morning the good people of Amboy community came in upon Rev. Cobb at the parsonage and pounded him with pounds of good things, canned him with cans of the useful, sacked him with flour of Father Frisbie's best grades, and dolliared him with dollars until Amboy's part of the pastor's salary was weeks ahead of the almanac. Besides all this they opened up baskets and loaded down a long table with everything good, and then all gathered round and sought to do justice to the bountiful spread. The day was full of social enjoyment for all. The pastor and family most heartily appreciate this manifest good will and kindness, and trust their relations shall be such always as will promote the peace and happiness of a grateful people and extend the kingdom of the world's Redeemer.

Inflammatory Rheumatism cured in 3 days.

Morton L. Hill of Lebanon, Ind. says: "My wife had inflammatory rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians, but received no benefit until she tried the Myrtle Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by H. E. Grice, Druggist, Red Cloud, Neb.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.
