THE Senate appears to be extremely cautious about the Caldwell business. So far there has been much worded buncombe on both sides without arriving at a definite decision. This kind of filibustering can, however, not be continued much longer, since the "executive" business of that body is very nearly disposed of.

THE Central Nebraska Press calls the editor of the Omaha Republican a liar. There must be some mistake about this. AND now come Louis V. Why cannot the immaculate Louis vindicate his character at his own expense, by commencing a few libel suits against various persons and papers?

The purchaser pays at the outset, one year's interest at six per cent, on the vaine of his land; at the end of a year he makes, another similar payment of six per cent, only.

At the end of the second year he makes payment of one-ininh part of the principal of the purchase money and one year's interest at six per cent, on the remainder, and the same at the end of each successive year thereafter, until all has been paid.

If he chooses to pay cash down, or one-third cash and the balance in one and two years, with interest at ten per cent, annually, he is allowed an outright discount of 20 per cent, or one-fifth from the ten year price of the land.

\*\*B\*\*\*Better terms than these have nover been offered, and probably never wiff to.

\*Parties who purchase for cash receive a Vertificate of Purchase, and a Warranty Deed as soon as it cash be executed.

If purchased either on Short Credit or Long Credit, a Contract or a Bond for a Deed is executed, and, so soon as all the payments are made, a Warranty Deed, free from any incumbrance, is given, precisely as in the case of lands purchased for cash down.

No abstract of title is necessary, as it is well known that the lands were granted directly to the railroad company by the United States.
