| DR. FRED. SAXENBERGER | Homepathic Physician, Surgeon and An accident occurred to-night to the train from London to Chester.

Several persons are reported killed

and wounded.

MADRID, May 2. The Carlist prisoners on one of the Canary Islands mutinied the other day. The guard fired on them, and many were killed and wounded. A dispatch from Barcelona says General Velaide has issued an order granting amnesty to all Carlists that surrender within eight days, except those who deserted from the Spanish army, and the leaders, and requiring

der Saballs to enter the town. Recruiting for volunteers who are to be brought into active service against the Carlists, is in progress throughout Spain.

DENVER, May 2. The caribon silver mtne and reduc-tion works, situated in Boulder county, about forty miles northwest of Denver, considered one of the rich-Netherland Mining Company of Holland for three millions. The net profits of the mines for several months past have averaged at the second several months and have averaged at the second several months. England reported from two to four million dollars' worth of ore in sight, General Auction and Commission and that the mine was worth six millions. The new company will immediately double the capacity. M. A. Shaffenburg, of Denver, has taken possession of the mine and tunnel as

agent of the Netherland company. The recent heavy snows in the mountains insure an abundance of water for gulch mining. Reports from the different mining districts all show that the coming season will be one of great activity in the mines of Colorado. The exceedingly dry and pleasant winter caused serious forebodings as to agricultural prospects, which the recent rains and snow have entirely removed.

in the population of the Territory is certain during this season. NEW YORK, May 2. Two hundred troops have been orlered from here to San Francisco. A bill of exceptions has been filed in the case of Nixon, sentenced to be hanged on the 16th of May, and to-

morrow a motion will be made for a

stay of proceedings.
