COLUMBIAN O., Jan. 2.
The striking engineers here will
hold out, notwithstanding the strike
is breaking at other points. The
trouble here is they want their lead-
ers taken back by the railroad com-
panies, which the latter are indis-
posed to do. The companies have
notified all the engineers who want
engines back to apply immediately.

NEW YORK, Jan. 3.
The telegraph informs us that an-
other bank cashier has confessed to
sundry irregularities, amounting in
the neighborhood of \$65,000. An-
other evidence that irregularities
are not confined to political office-
holders.

AS Arkansas paper says that there
is only one politician in the State
who is above suspicion.—E.

That is one more than we could
muster in Nebraska.

IN the opinion of a Wyoming con-
temporary wood goes farther when
left out of doors than when well
housed. Some of his woodpile went
half a mile the other day.

ACCORDING to the Council Bluffs
Globe the Spoon Lake fool-killer now
uses Omaha whisky instead of a club.
Council Bluffs may therefore prepare
for the worst. An obituary notice of
the Globe man is likely to appear in
the very next issue of that paper.

AND now we learn that old Bill
Allen's colored coachman eloped
with a German servant girl, greatly
to the disgust of the Democrats who
elected Allen on a strictly anti-im-
migration platform. There is only
one consolation, Ohio probate courts
are not restricted by the law of color
in issuing a marriage license.

JUSTICE is not so much a mockery
in Louisiana as it used to be. A New
Orleans justice has decided that
where two families occupy a house,
one family can't sing "Captain
Jinks" over thirty times in succession
without being liable to a fine for dis-
turbing the peace.

THE Chicago Inter-Ocean some
days ago pronounced the coun-
drum, "What is money?" to which
the Toledo Blade replies:

"Well, that depends upon where
you are. In Chicago, it may mean
shin-stones; in Toledo, gold; and in
Washington, greenbacks, while there
are places where pot-metal is money,
and brass, of which there is such an
abundance in Chicago."

PHILADELPHIA, Jan. 2.
Though no strike has occurred
here among the Pennsylvania rail-
road employes, transportation of
freight westward is greatly impeded
by the blockade in the Western
States, and owing to strikes there.
Trains of empty cars are being dis-
patched from West Philadelphia for
points beyond Pittsburgh, but no
loaded cars are leaving, and train
hands are now only working half
time.

LONDON, Jan. 2.
Dispatches from the gold coast re-
port that the British forces have
driven the Ashantees before them
and penetrated twenty miles into
their country. Three hundred
Ashantees were drowned in crossing
the river Froh during their retreat.
The gold coast is very unhealthy.

LONDON, Jan. 2.
A St. Petersburg dispatch says the
article in the treaty between Russia
and England abolishing slavery is
directly due to the exertions of Sec-
retary Schuyler and all members of
the American legation at St. Peters-
burg.

NEW YORK, Jan. 3.
The first day of the new year in
Wall street was a satisfactory one to
all who sided through the dark days
of the panic, and held on to their
various properties and different offi-
ces where interest and dividends up-
on investments were disbursed, were
crowded with people anxious to ob-
tain money, which they were able to
gain money, which it was not paid. All
railroads, however, except in a few
unimportant instances, met their ob-
ligations promptly. Bonds which
failed to pay coupons are pre-
paring to become serious and floating
debt until they are able to earn
money enough to meet their obli-
gations. Banks are steadily improving
in deposits and in their reserves;
loan certificates are nearly cancelled,
the amount outstanding yesterday
being only \$970,000. The improve-
ment of business prospects is not con-
fined to Wall street alone, but from
every part of the country en-
couraging reports are received of
the progress of financial
recovery. Manufacturing establish-
ments are again starting up, and
merchandise is becoming more plentiful.
Railroads are carrying much larger
freights at less expense, owing to the
universal reduction of wages, and
with the curtailment of
expenses in all branches of trade. It
is believed all establishments and
corporations now upon a sound basis
will be able to pay large and earned
dividends.

NEW YORK, Jan. 3.
During the past few weeks prepara-
tions have been making for the con-
solidation of several of the largest
coal companies of the country, and
it is now expected that by the close
of the present month, all arrange-
ments will be completed, and a new
board of officers duly elected. The
combination will consist of the
Wilkesbarre, Honey-Brook and Le-
high coal, and will probably be de-
noted as the Lehigh & Wilkesbarre
Coal Company. The new coal com-
pany will comprise these three com-
panies, and will begin business with
a capital of \$10,000,000.
The great London fog, of which
we had an excellent imitation two
weeks ago, has again appeared with
force. Last night the air began to
thicken, and at midnight so dense
was the fog that navigating on the
river was difficult, and a dangerous
undertaking. Fog bells were kept
in motion all night. It has not lifted
this morning, but still hangs over
the city as ever. The atmosphere is
close and damp, the streets slushy,
and the people generally most in-
tensely disagreeable.

The steamship Ethiopia, which
went ashore at Staten Island yester-
day, was drawn off last night by
three tugs, and brought up to this
city. She was badly strained on her
reefs, and her cargo somewhat dan-
gerous.

Capt. Holbrook, of the Staten Is-
land steamer, who attempted suicide
recently by shooting, is now said to
be out of danger. He has resigned
from the police force.

Andrew Donovan surrendered him-
self to the police yesterday, stating
that a few weeks ago he was en-
trusted with \$4,000 in U. S. bonds
by his employers, Rader & Co., at
Austin, Texas, to settle some ac-
counts. Instead of attending to
business he sold the securities and
spent the money, now becoming
conscious of his mistake. He wants
to be sent to Austin for punishment.
He is held by the police, but it is
thought he is imitating Irving of
Nathan murder notoriety.

NEW YORK, Jan. 3.
A review of the Virginia survi-
vors will take place at Wigwag's
restaurant, in this city, on Monday
next.

The British steamship International
arrived at this port yesterday with
a full cargo of turpentine for the
United States Government, which
had been ordered for the defence of
the principal harbors on the coast, in
view of the possibility of war with
Spain. The steamer proceeded to
Willett's Point, where she will be
discharged.

Sunday Night's Dispatches.

FOREIGN.

Castellar Defeated Twice by a
Vote of the Deputies in the
Cortes.

Great Excitement Prevails, but
Order Has Been Maintained.

WASHINGTON.

Congress Will Meet To-Day,
With Ninety Per Cent. of its
Members Present.

Miscellaneous.

WASHINGTON, Jan. 4.

General Sickles, in a telegram to
Secretary Fish received here at a late
hour to-night, says Castellar resigned
his position as Secretary of the Spanish
Republic at last night's 9 o'clock
Saturday morning. His resignation
was delivered to the Cortes while in
session. A consultation of the lead-
ing Generals of the army immedi-
ately ensued, at which terms were agreed
upon by which Marshal Serrano
would hold and represent the govern-
ment. The Cortes having ratified
this agreement Retana has announced
himself as President of the Executive
power of the Republic. He has also
announced his ministry, along with
an Sagasta, Secretary of State and
Treasury, Ameyo Topeta Minister of
Marine.

General Pavia, who led troops into
the halls of the Cortes and dispersed
that body is to be tried by court mar-
tal for rebellion. The Republican
troops and militia have been disbanded
and the streets of Madrid are under
command of artillery.

Although great excitement prevails
no blood has been shed.

WASHINGTON, Jan. 4.

It is now well understood that the
Texas Pacific railroad company will
ask for a subsidy in money or bonds
to aid said road, but will seek to
have some way provided by which
the interest on its bonds to the ex-
tent of \$4,000 per mile may be guar-
anteed, so as to permit negotiations
in Europe without a ruinous effect.
The plan has been proposed as follows:
The Government to guarantee inter-
est on low rate bonds, and the com-
pany to give up to the Government
all its assets, excepting fixed per-
centage of profits, to be used for running
expense, the Government to appoint
a commission to take charge of sale
of company's bonds, and to pay the
proceeds into the Treasury, to be
used as a fund for the settlement of
said bonds. —

Dr. L. H. Carrise, of San Francisco,
has finally settled all his accounts as
late internal revenue collector of the
First District of California, prior to
his consolidation with the Third Dis-
trict. His accounts are said to be
satisfactory.

Under the act authorizing the ex-
penditure of \$50,000 for building a
postoffice department for the in-
creased postal car service, the Erie,
and Baltimore and Ohio railroads
have been selected largely, but the
Pennsylvania railroad has not. The
reason for this is said to be the failure
of the Pennsylvania railroad to
extend the courtesy to the officials
of the postoffice department.

WASHINGTON, Jan. 4.

Nearly all the Representatives who
went home for the holidays returned
and the house will be open to-mor-
row with nearly 90 per cent. of the
members present. The supplement-
ary civil rights bill is the first thing
to be considered after the morning
hour, but as the call of States for
bills, and resolutions is in order for
each Monday hour, it may run till 2
o'clock, for Speaker Blaine holds
that on Monday it runs, commonly,
until all the States are called, as it is
only after that time that the bill
has the right to proceed, without its
being subject to objection by agree-
ment with the previous question.
The civil rights bill is to be con-
sidered at 4 o'clock Tuesday after-
noon, and a vote is to be taken;
re-ferred to the committee on Mon-
day, and will command most
marked attention. The bill, intro-
duced by Messrs. Stephens and Damsire
Stephens, it is understood, will take
the ground that the question is one
for State and not for federal action.

MADRID, Jan. 4.

The new Ministry is announced to-
day, constituted as follows: Senor
Sagasta, Minister of Foreign Affairs;
Senor Zearra, Minister of War; Senor
Ruiz, Minister of the Interior; Ad-
miral Topeta, Minister of Justice;
Senor Garrey, Minister of Finance.
It is announced that the new Gov-
ernment will immediately convene
the Cortes and demand the issue of
a proclamation boldly proclaiming
Prince of Asturias as King of Spain.
Alphons, Prince of Asturias, is the
eldest son of ex-Queen Isabella, and
was born Nov 28th, 1857.

WASHINGTON, Jan. 4.

The correspondence between the
governments of the United States
and Spain on the Virginia question
is ready for transmission to Con-
gress to-morrow. It will be sent to
the President early to-morrow morning,
and unless he desires to recall it over
before sending it to Congress, it will
probably be kept till Tuesday.

NEW HAVEN, Jan. 4.

A fire broke out last evening in
the building occupied by the New
Haven "Callington," damaging the cof-
fin warehouses of May & Ferry to
the extent of \$1,500; insurance, \$1,
200 in the City.
