Commissioner Redfield's

Economy.

In answer to a request of the prisoners in the jail, for necessary clothing, County Commissioner Joseph B. Redfield purchased some cheap blue overalls, straw hats and shoes, and brought them down to the men. The prisoners became indignant, and distained to don any such apparel, and the consequence is that the articles are now in the hands of the County Board. A BEE reporter interviewed the prisoners, this morning, and found that they actually did need clothing. Those in cell number were barefooted, having neither shoes nor stockings, they had but the shirt on their back, and the pantaloons that they had on, were decidedly dilap-

idated. To say the least, they are a ragged set of men. One man said he would not wear any blue overalls or any ten cent straw hat, but that he preferred to go naked first, and if necessary interview the Judge in that pristine costume. Another accused Commissioner Redfield of wishing to dress them up as Grangers and give them a little fresh air and recreation by trotting them out to a Granger picnic. They didn't nent. want hickory shirts "in theirs," nor did they wish to become Grangers, as they are adherents of the squarefooted and barefooted Democracy. They are red-hot at Redfield for thus attempting to compromise their dignity and they are now exercising their minds in working

up a plan to get even with him. They want it understood that they are high-toned roosters, and have a great desire to appear like gentlemen when brought up on dress parade to be reviewed by Judge Lake. We would suggest to Mr. Redfield that, to appease ther just wrath and indignation, he should give to each one an order on Frank Ramge, the fashionable tailor, for a complete and stylish outfit. The prisoners have no fault to find with their "grub" or their jailors, but they are "kicking" against the economical course pursued by the County Commissioners.

A Large Excursion Party From the State of Georgia. Will Visit Omaha and Nebrasks. Leaving Atlanta, June 19th.

Responding to a desire by a large number of citizens of Atlanta and surrounding country, to visit the State of Nebraska the coming summer, I have secured on the several railways, low excursion tickets, the excursion party to leave this city on the evening of the 19th of June. The route will be an interesting

From Atlanta via the Western and Atlantic road to Chattanooga; thence by the Nashville, Chatanooga and St. Louis Railway to St. Louis, crossing the Mississippi river at Columbus, Ky. From St. Louis we go by the St. Louis, Kansas City and Northern road crossing the great Missouri river bridge at St. Charles, and traversing a fine grain growing and grazing section of Missouri. At Kansas City, the Western terminus of this road, we take the Kansas City and Council Bluffs road, passing through St. Joseph, Missouri. and up the Missouri River valley in Iowa. The terminus of this road, Council Bluffs, is j ust opposite the Missouri river from Omaha, which latter place we reach by crossing one of the grandest railroad bridges on the conti-

At Omaha I propose for the party to rest for a day. Excellent hotel accommodations here will make our stay pleasant, while we visit the smelting works, where gold and silver may be seen pouring in moiten streams direct from the crucibles, and the immense machine and car shops of the Union Pacific Railroad Company, besides other places of interest.

From Omaha we will visit, by special train, the most interesting bject of the excursion, the beauti ful prairie lands of the Platte Valley. To one who has never seen a Western prairie country, the landscape along our ride now will be novel and grand.

The country is the most beautiful that I ever looked upon. As far as the eye can reach on either side, an ocean-like expanse of billowy green is interspersed with island of golden harvests and dark, glittering corn; while herds of sleek cattle browze upon the boundless pastures. The lands everywhere are dark colored, and rich beyond description. The admiring tourist here appreciates a couplet of Pabodie; "Rich prairie, decked with flowers of gold, Like sunlight oceans roll afar."

A VISIT TO THE RED MAN. The excursionists may stop at any place on the road they desire. At Columbus, a beautiful little city in the heart of the valley, ninety-two miles from Omaha, conveyances will be furnished by the citizens to take the party out to the Pawnee Indian Reservation, where we will see native Indian villages, and visit the government schools for instructing the Indian children, which are taught by several South-

This ride of twenty-two miles across the country is through a magnificent farming section.

The excursion tickets take us to Grand Island, a city one hundred and fifty-four miles from Omaha, from which place the party can return at pleasure. The re-turn tickets will be good on any train for thirty days. A day in St.

Louis will be one of the pleasant incidents of the return. The entire distance traveled, going and returning, will be nearly three thousand miles. The time from Atlanta to Omaha is about fifty-seven hours. Pullman palace sleeping cars will run through without change, from Atlanta to St. Louis, and from St. Louis to Omaha. Excellent eating houses are along the entire route, but the con-

venient "lunch basket" affords less expensive board on the route. With this provision the incidental expenses of the trip will be light. The cost of a ticket for the round trip (from Atlanta to Grand Island, Nebraska, and return,) will be sixty dollars, and good for thirty days. Sleeping car fare will be extra. The cost of a berth to Omaha will be about six dollars. Two occupy-

ing a berth will reduce this expense about one-half to each. Quite a large number of citizens of Atlanta, and merchants, farmers, and professional men in other sections of the State are booked for the

SALT LAKE CITY. Several of the party contemplate extending their trip to Salt Lake City-914 miles further. I will furnish excursion tickets from Grand Island and return-1828 miles-for one hundred dollars, to those who may wish to visit Salt Lake. The time from Grand Island to Salt Lake

is 48 hours. COST OF THE EXCURSION. The trip from Atlanta to Grand Island, Neb., and return, including tickets, sleeping car and hotel fare, can be made for inside of one hundred dollars.

Parties desiring to join the excursion, who have not already corresponded with me, are requested to lo so at once, and those making application should state whether the wish to take a sleeping car. I would like to be notified before the 10th of June by all wishing tickets. I will endeavor to procure excursion tickets to Atlanta, to connect with tickets from here, for parties that may be made up in other cities. At this date, May 20th, over eighty applications have been made for tickets. Prominent members of the legal and medical professions, and merchants of Atlanta and several other cities, are of the party.

Address application for tickets or further information to SAM'L A. ECHOIS.

A Belligerent Female.

Yesterday morning a colony of half-a-dozen of the New York demimonde arrived in this city on their way to San Francisco. They were about half intoxicated, and while waiting for the departure of the train for the west, they entered the depot restaurant, where one of them began raising a disturbance. Mr. Jake Markle, ordered her to be quiet, when she replied, "you son of a gun! I can get away with your baggage," and doubling up her fist, she followed up her remark, with a well-directed blow, which took Jake unexpectedly, and squarely on the nose. That was TAXCELSIOR LAWN MOWER-The most much for good-natured Jake, and he accordingly called in a colored servant, who bounced that belligerent female out of his restaurant, in double-quick time, and in the liveliest manner possible. Jake says that was the first time that he ever was "struck" by a wo-
