Origin of Present-Day Games.

Though we get our games of tennis from the eastern countries, most of our games of bat and ball come down to us from the ancient north. Ring games and games in which light objects are thrown come also from forest countries, where the spear was a familiar weapon. But all of them alike appear to revert in origin to early experiences of the race by which they worked out their salvation.

Daily Thought.

Whether you be man or woman you will never do anything in the world without courage. It is the greatest quality of the mind next to honor.—James Lane Allen.
