Makes Old People Strong and Well

We want to get the news to all old people about Rexall Olive Oil Emulsion, a remarkable new food-medicine which we firmly believe is the best remedy ever made to overcome the weakening, debilitating effects of increasing old age.

Only in pictures can the story be told and a record of the childish features and expressions kept for all time. A good photograph now and then will mean everything to you, and to them, in after years.

For Beautifying Your Hair

The Ladies in this Town are Simply Going Wild over Harmony Hair Beautifier. And no wonder, because to make the hair lustrous, soft and silky we believe there's nothing else—and we sell about all the various hair preparations made—that anywhere near comes up to Harmony Hair Beautifier.

Ask any one of the many women in this town who use it—she'll tell you she "loves" it. Just look at her hair, and you'll come to us and get some yourself.

HARMONY HAIR BEAUTIFIER

Is just what its name implies.—Just to make the hair glossy, lustrous, more beautiful.—Just to make it easier to dress, and more natural to fall easily and gracefully into the wavy lines and folds of the coiffure.

It leaves a delightful fresh and cool effect, and a lingering, delicate perfume. Will not change or darken the color. Contains no oil; therefore doesn't leave the hair sticky or stringy. Simply sprinkle a little on your hair each time before brushing it. But first, make sure that your hair and scalp are clean, by using

Harmony Shampoo

—A liquid shampoo to keep the hair clean, soft, smooth and beautiful. It gives an instantaneous, rich, foaming lather, penetrating to every part of the hair and scalp. It is washed off just as quickly, the entire operation taking only a few moments. It leaves no lumps or stickiness.—Just a refreshing sense of cool, sweet, cleanliness.—Just a dainty, pleasant and clean fragrance.

Both in odd-shaped ornamental bottles, with applicator pens. Harmony Hair Beautifier, 50c. Harmony Shampoo, 50c.

Substitution Has Played Havoc with many a family's most cherished, long planned home because they followed the advice of some one-idea builder who thought perhaps to improve upon Nature's own tried and tested material—lumber. The time to guard against disappointment is at the start. Look around and investigate the frame houses that have been standing for as many as thirty years and compare them with those constructed of other materials. Time alone is the real test of home building materials, because you don't build a home every ten years, and few people can afford to experiment with fads or theories. After making your comparisons come in and see the nice, bright lumber we have in stock and let us tell you in actual figures what a good frame house will cost you today. Real facts are deadly to substitution.

FIRE THE ALARM is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place.
