### Your Duty To Your Family

is not only save for a rainy day, but to **Safeguard Your Savings.**

YOU CAN'T LOSE if you deposit in this bank, because we operate under the State Guaranty Law, and every dollar is protected by the State Guaranty Fund.

Besides that, this bank is sound and safe and conservatively managed--your money here would be safe without the State Guaranty, but with the added protection, you simply can't lose no matter what happens.

### George Lindsey Writes From Hawaiian Islands

Honolulu, Hawaii. Editor Chief and Friends: As it will be impossible to write personally to each one of you that feel anxious to hear from this roving party I take this method of getting a letter before you through the columns of our worthy Chief.

Dr. Damerell and wife and myself and wife sailed from San Francisco Feb. 10th for Honolulu. From the beginning of the passing out through the Golden Gate we encountered heavy dead swells which caused sea sickness at once.

Mrs. Lindsey and Mrs. Damerell were the victims in our party. The second day out on our voyage the tich seemed to affect the Doctor and his breakfast did not like to stay down where he intended it should. But I must say he is a fairly good sailor and was able to go over to the table ever meal also on deck.

The night of the third day quite a heavy breeze struck us and made a choppy sea, which lasted until evening of the fourth day. Nearly all on board were sick. That evening an alarm was sounded and Dr. Damerell was summoned to the rescue by a young surgeon who had charge of the sick aboard the steam ship Vanturn on which we were sailing. The Doctor quickly responded as he always did at home and had the honor of helping in to the world a pair of twin babies--a boy and a girl. The Doctor felt quite well pleased, well he might, no doubt no other doctor in the state of Nebraska can boast of fuding twins at sea. He watched over them carefully until we landed in Honolulu on the morning of the sixth day from San Francisco.

There another strange sensation over took most every passenger when we stepped off from the ship. The Doctor says is this wharf on the water it seems to be going and Mrs. Lindsey says the earth is moving like the ship yet.

We are now enjoying the Mid Pacific Carnival which commenced last Monday. Today being one of their best days they performed an ancient marriage ceremony their customs in the fifteenth and sixteenth centuries all conducted by the natives. This performance was very interesting as it was their custom up and until the United States took possession of the Islands to go nearly naked and the program today was of the old custom. These natives are a nice class of people and they are very polite and love the American people. Queen Lill is yet living and we had the pleasure of seeing her in costume. She has a very friendly feeling for the Americans. She has a mansion and resides in this city surrounded with tropical trees and flowers.

So far Doctor and myself visited one of the craters near the city. The overflow from it is nothing but a mass of ashes and lava rock. The place is known here as the punch bowl. I would judge the bottom of what was the crater to be at least 200 acres. There is a number of the overflows on this Island which we will later on visit.

The distance around the Island is ninety miles and this Island contains large sugar cane, rice and pineapple plantations, cocconut orchards, flowers, fruit and vegetables in abundance.

The season seems to be nearly like the month of June or the first of July. Yesterday's entertainment reminded us of the Fourth of July.

Our Government has now twelve thousand soldiers on this Island and they will have a parade on next Monday, Febr. 23. To be continued.

As Ever Yours,  
G. W. LINDSEY.

For Rent

For cash the H. J. Maurer farm of 320 acres, three miles from Red Cloud, 65 acres of alfalfa, 40 acres of farm land, 1000 rods hog fencing, orchard, good house and barn. Inquire of Fred Maurer or H. J. Maurer.

### I. O. O. F. Meeting A Grand Success

Monday afternoon and evening was the occasion of holding a session of the Grand Lodge of Independent Odd Fellows of the Jurisdiction of Nebraska in this city. This is the first time in the history of the city that a session of the grand body was held here and the members of the local lodge and also those in the rest of the county were highly pleased.

During the afternoon and evening there were seventeen members who received the Grand Lodge degree. These degrees were conferred by the Grand Master, Frank John and the Grand Secretary, I. P. Gage. In the evening Ben Adhem lodge conferred the third degree in a very creditable manner. The lodge room in the Potter building was well filled by local Odd Fellows and visiting members of the order. The visitors record shown seventy-five signatures. These visitors came from Bloomington, Franklin, Superior, Guide Rock, Cowles, Campbell and Salem.

At the beginning of the session Grand Representative Storey delivered the address of welcome to which the Grand Master, Frank John, responded. Under the head of the good of the order addresses were delivered by Grand Marshal D. M. Garber, E. J. Overing Jr., F. J. Munday and other members from the visiting towns. Light refreshments were served late in the evening.

The rooms in the Chamber of Commerce were placed at the disposal of all visitors. This was one of the most pleasant and profitable meetings ever held in the city. It gave many of the members an opportunity to come into contact with the officers of the Grand body and they also learned something of the largeness of this fraternity. Its work now extends practically to every known city in the world.

### Supreme Court Says Unconstitutional

There is many a slip between the cup and the lip. Just as this county was about to erect a new building for business purposes the Supreme Court steps in and says unconstitutional. County Attorney Fred Maurer, Senator Hummel and L. H. Blackledge immediately journeyed to the state capital to see what, if anything could be done about the matter. In case the Supreme court fails to deliver any relief we are confident that a special election could be held and the project carried because the board of county commissioners have kept well within the limit of the sixty thousand dollars. If the commissioners would go before the voters of this county with the plans and specifications which they have selected we believe that there would be no question but what the same would meet the approval of the voters.

### Two Boys - Two Girls

County Judge A. D. Ranney united in marriage at his office on March 3rd, Mr. Earnest Redden of Guide Rock to Miss Dora Shoemaker of Burr Oak, Kansas. On the same day a license to wed was issued to Charles E. Anderson of Inavale to Miss Tilla M. Zalman of Red Cloud, and on Feb. 25 another one to Earnest Cusic of Inavale and Miss Alice Evans of Red Cloud.

Wednesday, March 4th., at the home of Mr. Edd Mountford, occurred the marriage of Miss Tilla Zalman to Mr. Chas. Anderson. Rev. Hummel said the words that united this young couple who are among our best and most industrious farmers. Tilla will be missed by the housekeepers as she was always ready to help them in a time of need. They will begin house-keeping on the farm where the groom has lived for the past year. They are the kind of young people that will make farming a success. The Chief along with their many friends extend congratulations.

## YOUR HOME

Will have the BEST music ONLY when it has an Edison Phonograph.

Disc, . . . \$60.00 to \$475.00  
Cylinder, . . . 15.00 to 200.00

Come in and let us prove it.
