A FREE BOOK

That Teaches the People How to Avoid Catching Cold.

The thirteenth edition of the "Ills of Life" is now ready for distribution. Beginning on page three of this popular work on medicine, is an article stating in plain language how any one can avoid catching cold.

The article was written by a doctor. It was written by a doctor eighty-four years old, who is a hale and hearty man. It is his boast, founded upon fact, that he does not catch cold. He thinks he knows the reason why. He explains it in detail in this book. Every family ought to have a copy of it. Sent free by the Peruna Co., Columbus, Ohio.

Mr. O. Fred Linstrum, 1923 University Ave., St. Paul, Minn., writes: "I contracted a severe cold several years ago. Through the use of Peruna I fully recovered. I have never had any trouble since."

Mrs. Henry Martin, La Motte, Iowa, says: "I have found Peruna to be a great remedy for coughs and colds of children. A dose at bedtime will relieve them all night."—Adv.

It's easier for one to enjoy doing a thing if grim necessity isn't demanding it.

A Human Churn

WHEN the food reaches the stomach it is subjected to a peculiar churning movement by the muscular walls of the stomach—(See Dr. Pierce's Medical Adviser, page 45). In the liver, kidneys and skin, the blood is purified of its waste materials—these organs act as human filters, leaving the blood pure and clear—unless liver, digestive tract and kidneys are clogged.

Dr. Pierce's Golden Medical Discovery

is a stomach, liver and kidney tonic—by assisting the stomach to assimilate, the liver to filter, the kidneys to act—the poisons are removed, the red blood corpuscles are increased and one feels light, fresh and active instead of logy, dull and heavy. The "Discovery" stimulates the stomach, increases action of heart and arteries and is a most satisfactory alternative in blood-taint of any character. The refreshing influence of this extract of native medicinal plants has been favorably known for over forty years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form or send 50 one-cent stamps to Dr. Pierce, Buffalo, N. Y., and a trial box will be mailed you.

400,000 Settlers a Year

Immigration figures show that the population of Canada increased during 1913, by the addition of 400,000 new settlers from the United States and Europe. Most of these have gone on farms in provinces of Manitoba, Saskatchewan and Alberta.

Lord William Percy, an English Nobleman, says: "The possibilities and opportunities offered by the Canadian West are so infinitely greater than those which exist in England, that it seems absurd to think that people should be impeded from coming to the country where they can most easily and certainly improve their position. New districts are being opened up, which will make accessible a great number of homesteads in districts especially adapted to mixed farming and grain raising. For illustrated literature and reduced railway rates, apply to the Supt. of Immigration, Ottawa, Canada, or to **W. V. BENNETT**, Bee Building, Omaha, Neb. Canadian Government Agent.

COURT MARTIAL OF ARMY OFFICER SHROUDED IN MYSTERY

The trial of Maj. Benjamin M. Koehler at Fort Terry, Plum Island, New York, will probably be the last secret court martial in the United States army during the life of the present administration. While army officers are too tactful to indulge in open criticism, it is known that many of them disapprove of the extent to which secrecy has been carried on in this trial. The arrow indicates Major Koehler. The insert is Col. Henry Kirby, president of the court martial.

Good Rule to Follow. Half of the fun of anything is looking forward to it, and the other half is looking back at it; the climax, the event itself, is merely the point at which the two kinds of pleasure meet in the middle. Learn to go to your good time, when you have earned it, with the full expectation of enjoying yourself; and when it is over, let the happy memory of it keep coming back to bless and sweeten the subsequent days. To a great extent, wherever you go, you bring your own happiness with you. You will have the best time by giving it to others; contradictory as this may seem. You will look back with most satisfaction on the occasion, when you were "the life of the party," when you entered into the fun and made most of it yourself, and did not sit back and expect to have it made for you.

PIMPLES ON FACE AND ARMS

411 Howard St., Dayton, Ohio.—"About a year ago my face, neck, arms and back were beginning to become afflicted with pimples and blackheads. My pimples would get very large and appear to come to a head. If I tried to open them the pain would be terrible, but nothing could be taken from them. They itched very badly; I suffered terribly from itching. After scratching, the pimples would swell and after the swelling was gone my face would become very red and remain so for some time. My clothing caused the itching to be worse. When it was warm it was utterly impossible to sleep.

"I used a cream and the more I used the worse they got. Shortly after, I read the advertisement of Cuticura Soap and Ointment and determined to use them. The itching stopped almost immediately. This was about three months ago and I am entirely cured now." (Signed) Miss Marguerite E. Jacobs, Jan. 13, 1913. Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. L, Boston."—Adv.
