The next big Bargain Day will be held on next Wednesday, June 10th. This is the eighth big event of this kind and the bargains offered are even more attractive than those offered at any previous time. It will more than pay you to keep this date, June 10th, in mind and take advantage of some of the bargains offered. Bargain Day was started for several purposes, chief among them being to establish a closer relationship between the farmers and our merchants, and while it is, in a way, accomplishing this end, yet the merchants are each time offering sufficient inducements as to merit a larger patronage. Read the big "ad" on the last page and profit thereby.  
Mr. and Mrs. A. C. Kaley, accompanied by their son, Dow, left last Saturday for Lincoln, to consult with medical experts at that place in regard to a growth on one of the young man's legs. Yesterday morning word was received here that it was found necessary to amputate the leg close up to his thigh and little hope was entertained for his recovery. This message came as a great shock to the many friends here, as no one had ever thought his ailment to be such as to require an operation of this kind. The young man is 19 years of age, and has just completed his third year in the high school here. This Chief together with his many friends, extend to him the deepest sympathy in his great affliction, and trust that his life may be spared.
