No Gamble

We don't force you to take a chance on a house and lot, nor an automobile, neither do you get trading stamps and when you get three million of them you may get something. Neither do we give you tickets good for trashy crockery. In fact, there is no chance when you trade with us. You are sure of what you get.

Why Rent and Work For Your Landlord?

when the reality of ownership is open to you? Take stock of yourself as a renter. Are you any better off than you were five years ago? Go West now, take a Mondell homestead in Wyoming or buy 160 acres of land in Western Nebraska or Eastern Colorado on easy terms, with financial aid, if you become a dairy farmer. See the West's heavy crops of 1914. Note the success of dairy farmers, made certain with the deep crops and the silo. Ask Western bankers how cream checks in their locality establish a farmer's credit. Note what five years' industry has brought to the farmer adjoining the land offered to you. Would you not give five years of your life if you could develop a dairy farm for yourself and create an heritage for your family?

Write me for Homestead folders or Deeded land matter and about personally conducted excursions. I am in touch with the owners and with the Government. I am paid to locate you along the Burlington Railroad.
