Your Watch Ideal

Many people have learned to consider such, and such a watch as an ideal time piece.

When they buy they want that particular watch.

We don't blame them because we have watch ideals too—and ideal watches.

They are the South Bend and the Hamilton and the Howard and one or two others. These we have learned to depend upon—these we buy and sell each year in greater quantities. And before you make a watch purchase we would like to talk to you about these movements. May we?

Tuberculosis Day

By sermons, lectures, motion pictures, exhibits, and many other methods, The National Association for the Study and Prevention of Tuberculosis will enlist thousands of churches, schools and lodges of the country in a simultaneous educational movement against tuberculosis during the week of November 29th. The campaign is to be known as the Fifth Annual Tuberculosis Day Movement.

A special circular entitled, "What is Tuberculosis Day" has been prepared and is being widely distributed. The plan of Tuberculosis Day, as explained in the circular, does not necessarily comprehend a special sermon on tuberculosis on November 29th. If a church, school, or lodge gives the subject attention in any way during that week, this will help in the national educational movement.

Outlines for lectures or sermons on tuberculosis and "stock" talks on this subject will be furnished free to ministers and others who can use them. Literature for distribution in the churches, schools, lodges and elsewhere will also be given away in large quantities. Persons wishing such literature, either for the preparation of sermons or talks on tuberculosis, or for distribution in public meetings on Tuberculosis Day, should get in touch with their local anti-tuberculosis society, or if that is not possible, with the National Association for the Study and Prevention of Tuberculosis, 105 East 22d Street New York City.

In the suit for divorce of Rosa Frances Jones against Thomas A. Jones the plaintiff this morning filed affidavit in the district court declaring that her property had been partially dissipated, that the income had been greatly impaired and that a portion of it had been tied up by litigation in Webster county. She asserts that she is ill and unable to work and that she must have at least \$75 a month for her support, aside from \$25 a month to meet medical bills.
