Strong "Pull" and Drawing Power in All of Our Printing

We Make a Specialty of Printing Neat and Attractive Sale Bills

NOT ALL advertising matter is consigned to the waste basket. Some of it finds a place in the files of the recipient or on his desk or his table. The printing upon which one can depend to win this distinction is of the out-of-the-ordinary class, the well-designed and well-executed example of the printing art. Every business man desires that his printing should have what is known as "pulling" power; that is, it should accomplish its intended mission, namely, to set forth the value of goods and secure orders for those goods. The printing we do is of the kind that win the coveted place at the elbow of the prospective customer. Try us.
