1st, Marie Pegg.

You do not wish alum in your food

You desire to avoid it. Dr. Price's Cream Baking Powder contains no alum or lime phosphate. Its use is therefore a safeguard against objectionable mineral salts which are left in the biscuit and cake when made with inferior powders.

Chemists have shown that a large percentage of the chemicals of which alum baking powders are made remains in the food in the form of Glauber's Salt, hydrate of aluminum and other impurities.

Read the label on the can. Reject a baking powder unless the label shows cream of tartar. Buy and use

DR. PRICE'S CREAM BAKING POWDER

Made from Cream of Tartar No Alum

You Hear so Many WISE People Say

(IT CAN'T BE MY BACK!)

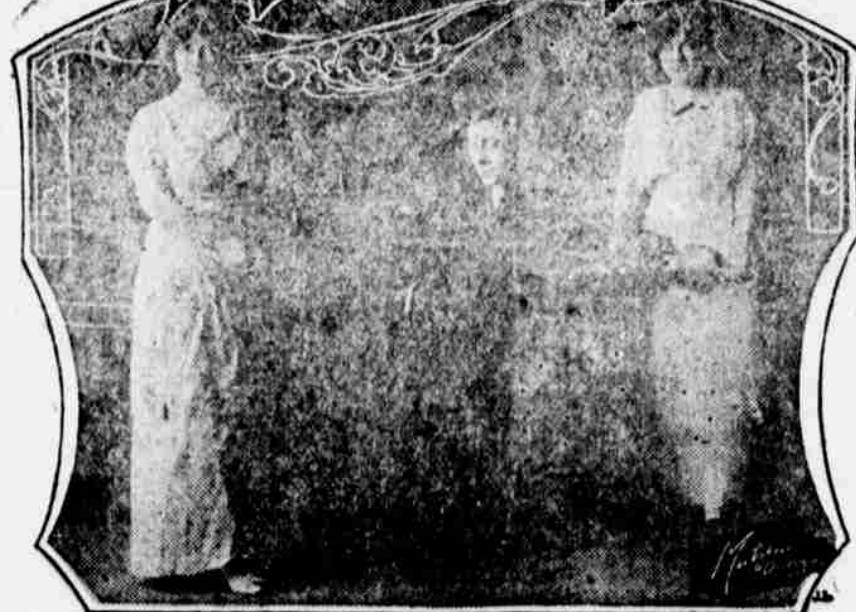

My Back has
Nothing to
Do with My
Trouble.

Did you ever notice how they stand or move? Their back is never straight and when they bend or turn they move their backs as little as possible. Think it over, then come up and ask me: WHY?

Yours for Chiropractic and Health
Ralph E. Camp, D. C.

SECOND NUMBER OF LECTURE COURSE

The Arcadian Trio

In the Arcadian Trio we are offering a small company of picked artists, who will give a mixed program of vocal and violin solos, readings, trios, and sketches which should not fail to please the most critical audience. Of one member of the company, several lyceum committees have said, "We will gladly take any company in which Miss Mildred Morrison appears." Miss Morrison is ably assisted by Miss Ona Riley and Mr. John A. Van Peit. The Arcadian Trio will appear in this city

Monday, Evening Nov. 30th

1st, Joe Crow; 2nd, J. M. Steward & Son
Sow under 6 months—
1st and 2nd, J. M. Steward & Son
Sow any age
