The Sewing Club Work

The Sewing Club work consists of two courses each containing lessons planned to cover a period of one year.

- MEMBERSHIP RULES
1. Club members shall not be under 10 or more than 19 years of age at the time of enrollment.
 2. Anyone, irrespective of age or qualifications, may be an associate member. This gives the privileges of regular membership, except competition, for prizes or awards.
 3. Enrollment for the year closes June 1. All members enrolling after this date will be considered members in the work for the following year.
 4. When application for membership in Sewing Club Course I is received by the Agricultural Extension Service, the bulletin containing 12 lessons in sewing is sent at once directly to the club member. When application is made for Course II, lessons in this course are also sent to the club member.
 5. Club members should follow carefully all instructions as given in lessons. All judging will be based on directions given. No material for the work is furnished by the Agricultural Extension Service.
 6. If the sewing lessons are not completed in one year, the club member may enroll for the second year to complete the course. Request for re-enrollment must be made each year.
 7. Twelve lessons shall be completed in Course I and a written story submitted entitled "What I Gained From My Sewing Course" before the club member is promoted to Course II. It is recommended that one lesson be completed each month.
 8. Reports of work completed shall be sent to local, county, and state leaders when requests for the same are made.
 9. The teacher, county or local club leader or some person not a relative of club member shall, when the course is completed, certify to the State Leader that all work has been done by club member.
 10. Club members shall exhibit in local, county, and state contests all articles made and stories written about the work. No one shall be eligible to exhibit in the state contest who does not exhibit in local or county contests, if such are held.
 11. Awards will be made on the following basis:

(1) Number of articles completed and exhibited.....	25
(2) Application of directions, neatness, accuracy, appropriate materials, etc.....	55
(3) Report and story.....	20
Total Score.....	100

For enrollment cards and further information write to

Markets Steady

The editor was busy when he was asked: "How are the markets?" The man was referred to the office devil, who looked wise and said: "Young men undead; girls lively and in demand; papa firm, but declining; mamma unsettled, waiting for higher bids; coffee, considerably mixed; fresh fish, active and slippery; eggs quiet, but expected to open soon; whisky, still going down; onions, strong; yeast, rising; breadstuffs, heavy; boots and shoes those on the market are sold and constantly going up and down; hats and caps, not so high as last year, excepting foolscap, which is stationary; tobacco, very low and has a downward tendency; silver close but not close enough to get hold of."—EX.

Potato Meal Bread

Baking experiments to test the value of making bread of potato meal mixed with wheat flour are now being undertaken by the United States Department of agriculture's bureau of chemistry. This is to test the possibilities of the potato in the same manner as Germany and Austria are now advising their people to do. The increased cost of living throughout the world has emphasized the fact that flour made of other substances than wheat, or of these substances mixed with wheat, might provide people with healthful food quite as nutritious as the pure wheat flour, and at the same time cheaper.

Austrian bakers are now compelled by law to use at least 30 per cent potato meal in making their bread. The bureau of chemistry's potato meal bread has been baked with from 25 to 50 per cent potato meal and the remaining percentage wheat. The most satisfactory loaves in combining economy and appearance were those made with the minimum percentage allowed in Austria or less. The loaves made with more than 30 per cent potato-meal were not so satisfactory as they were heavier and less attractive in form. The bread has a rather coarse texture and dark appearance but possesses a distinctive and agreeable flavor. It also retains moisture for a much longer period than ordinary wheat bread.

The Bureau of Chemistry used the imported "potato flake" in some of its experiments and in others, meal made by slicing, milling and drying potatoes on a small scale in its laboratories. It should be added that such ordinary "potato flour" as is on our American markets is not the same as the German "potato flake" or Watzmehl, which has given such satisfactory results in the experiments.

The question has been raised as to whether the ordinary cooked potato might not be satisfactorily substituted for the prepared potato-meal. The experimenters believe that it might serve the same purpose if used in just the right proportion, but this would be difficult for the average housewife to determine as there is greater danger of using too much and producing a very soggy loaf. However, the custom of adding a very little potato is already used by many housekeepers to keep their bread moist and this practice can very well be recommended for more general use.—Omaha Trade Exhibit

Many People in This Town never really enjoyed a meal until we advised them to take a
Rexall Dyspepsia Tablet
before and after each meal. Sold only by us—25c a box.

LEGAL NOTICE

The defendant, John Barden, will take notice that on April 7th, 1915, Occidental Building & Loan Association of Omaha, Nebraska, plaintiff, filed its petition and commenced an action in the District Court of Webster County, Nebraska, against the above named defendant, John Barden, impleaded with Sarah Burden, and others, the object and prayer of which are to foreclose a certain \$300.00 mortgage to plaintiff, executed and dated October 21, 1904, by one Thomas Burden and the defendant, Sarah Burden, his then wife, upon Lot Three (3), in Block Eight (8), of Bladen, in Webster County, Nebraska, and recorded in Book 23, at Page 486, of the Mortgage Records of said county to secure their promissory note or obligation to said Association, dated October 21, 1904, and plaintiff alleges that there is now due upon said note or obligation \$320.10, with interest thereon at the rate of nine and six tenths per cent per annum, from April 1, 1915, and for taxes paid by plaintiff to protect its lien on said mortgaged premises, \$10.80, with interest thereon at ten per cent per annum, from February 22, 1915, and plaintiff prays that said mortgaged premises may be decreed to be sold to satisfy the amount due it thereon and that each and all of said defendants and all persons claiming by, through or under them, or any of them be excluded from and foreclosed of all interest, right, title and equity of redemption in and to said mortgaged premises.

You are required to answer said petition on or before the 17th day of May, 1915.
OCCIDENTAL BUILDING & LOAN ASSOCIATION OF OMAHA, NEBRASKA, Plaintiff.

FIRE

THE ALARM OF FIRE is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place. What folly, what mistaken economy.

THE COST OF INSURANCE is so small that it need hardly be considered. The freedom from worry alone is worth it many times over. Have us insure you to-day.

O. C. TEEL,
Reliable Insurance.

40 MORE CHOICE FARMS IN THE BIG HORN BASIN

Irrigate 1 from the newly constructed lateral "A" of the Shoshone Project near Powell, Wyo., will be opened by the Government for entry by settlers on some date in April. There are over 405 prosperous farmers now in this locality—one of the most advanced communities of the various Government enterprises.

Out of the 51 farms declared "choice" by Government experts on January 1, 1915, there yet remain about 15. Lateral "A" lands are fine and prospective settlers are urged to act quickly. Watch for the date these lands are to be opened and be there at Powell ready to file on that date. Only \$52 for perpetual Government water right, 20 year's time, no interest.

Settled lands alongside are now priced at from \$90 to \$100 an acre. It is hardly necessary to advertise these lands. They will go fast enough, but we feel it our duty to advise you so that you may have a fair chance with others who know about this opening. Write me.
