THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

If you'd like to live in the kind of a town Like the kind of a town you'd like. You needn't slip your clothes in a grip And start on a long, long "hike." You'd only find what you left behind—There's nothing that's really new. It's a knock at yourself when you knock your town; It isn't your town—it's you. Real towns are not made by men who're afraid Lest somebody else gets ahead. When everyone works and nobody shirks, You can raise a town from the dead. And if, while you make your personal stake Your neighbor can make one, too, Your town will be just what you want to see. It isn't your town—it's you.

Mayor Damerell has reappointed Grant Christy City Marshal for the ensuing year. May Grant's record be as bright as his star.

Mr. Mark McConkey has been selected as street commissioner for the coming year. We believe that this selection is a good one and that Mr. McConkey will make a good official. The city has recently purchased the sprinkler and that will now be operated by the street commissioner.

Mayor Damerell has reappointed Guy Ziegler as superintendent of our light and water works. Mr. Ziegler has been a good and efficient official and this recognition of his work will please all our citizens. During his stay here he has built up this plant and put it in good working order. In place of being a loss annually he has made it turn a profit into the city treasury. This is a condition that we have always been looking for and now that it is an actuality we should give praise to whom praise is due.

By this time nearly every street, alley and dwelling in the city is clean. The campaign which has been waged by the city authorities has proven to have been a good one. All our citizens responded with a right good will and the entire city is now spic and span. The next thing in order will be to keep it that way. Soon the weeds and grass will grow apace and there will be plenty to do to keep up this splendid beginning. This will take constant care and attention but we would very much like to see this entire summer pass away with the same appearance it now presents.

If any one doubts that this is the garden spot of the earth just let him come here and see. The fruit trees are in full bloom filling the air with fragrance and delighting the eye, the flowers are blooming, the birds singing and "all nature seems to rejoice." The wheat is making a rapid growth, the weather being ideal for all small grain. The alfalfa is a foot in height and growing so fast that one can almost see it shoot. Garden truck is up and at it before you can say set. What more could you wish?

The Store That Sells Wooltex
Red Cloud, Nebraska

Why buy ordinary suits?

--when you can buy Wooltex suits with all their superior quality at prices no higher than ordinary garments.

We'll not try to tell you these suits are advanced fall models. Even advance fall styles will not be out for four months.

But these are the best of tailored styles for summer. Every one approved by Madame Savarie, the style authority.

They are exceptional in quality of materials and tailoring.

They are Wooltex suits, with the Wooltex guarantee of correct refined style and service entirely satisfactory to you.

This label is in every one of them, and women in this city know what the Wooltex name in a garment stands for.

You can wear one of these suits on your summer trip and be so much better dressed than you would be in an ordinary suit.

A splendid assortment awaits you now. It will not be so complete even after today—so come today.

Where Are You

Going This Summer

Not everybody can go to California; the summer will bring thousands from the East to the ranch resorts and hotels of Scenic Colorado, the Black Hills, the Big Horn Mountains, the Absaroka Mountain ranges beyond Cody.

THE NATIONAL PARKS—This is going to be a big season for Glacier and Yellowstone National Parks, and for Estes Park, Colorado, just north of Denver, adjoining the new Rocky Mountain National Park. The increased number of Eastern visitors to these western summer localities during the summer of 1914 showed the "grip" that the glorious summer life of the mountains was taking with Eastern people.

Publications now coming off the press. An early mention is made to call them to your attention and to indicate the wisdom of making your plans early. Write me of the locality you have in mind.

Dr. Price's CREAM BAKING POWDER

There is no alum in Dr. Price's Cream Baking Powder. The names of its ingredients, printed on the label of every can, show it to be made from Cream of Tartar, which comes from grapes.

No alum baking powder or food containing alum is permitted to be sold in many countries. To avoid alum read the label and use only baking powder made from cream of tartar.
