"Creation" To Be Shown At The Tepee Next Week

Manager Geo. Warren of the Tepee, who is ever alert in securing the best obtainable in the moving picture world, for his patrons, announces that he has secured the photo drama, "Creation," which will be shown at the Tepee at a special matinee at 4 o'clock in the afternoon on Tuesday, Wednesday, Thursday and Friday, May 11, 12, 13 and 14th.
The presentation of the drama complete requires eight hours, each of the four parts lasting two hours, but at the same time each part being so complete in itself, that it matters little which you may see first.
Part I traces Creation from prehistoric times to the Deluge and on to Abraham's time. Part II begins with Melchisedec, leads through Israel's experiences to the Babylonian captivity. Part III extends from Daniel's time to Jesus' advent. His boyhood, ministry, sufferings, resurrection and high exaltation. Part IV reviews the period from Pentecost through the "Dark Ages," and onward to our day, and by the illumination of the prophetic scriptures the future is pictured to us.
Witnessing "Creation" we may see moving on the canvas, with every semblance of reality, the outstanding figures of history, with whom reading and study have made us familiar. Philosophers, statesmen, warriors, princes, potentates, scholars and artists pass in fascinating succession before our eyes, acting the parts which were played by those characters when they were on earth's stage in actuality. We see the Garden of Eden as an ingenious imagination stimulated by Biblical research pictures it for us. We view the stately cities of antiquity and their modern successors. We sweep over the world with ever increasing interest from the time of our remotest ancestors to the present as the scroll of history unrolls.
Abl supplementing the combination of films, pictures and panoramas is a series of lectures delivered by a photographer, with a clear and distinct enunciation, and time so that they accompany the presentation on the screen with precision.
Manager Geo. Warren has announced that he will exhibit these pictures at his regular prices.

On a personal visit to Mr. Henry Ford by one of his agents the subject of a possible August 1st Rebate was approached. (The Ford Company announced last year that if their total sales reached 300,000 cars between August 1, 1914, and August 1, 1915, each purchaser during that period would receive back a refund of \$40 to \$80.)
I then said to Mr. Ford: "If I could make a definite refund statement we would increase our local sales 500 cars." "You may say," was Mr. Ford's deliberate and significant reply to this—"You may say that we shall pay back to each purchaser of a Ford car between August 1, 1914, and August 1, 1915, bearing the unforeseen, the sum of \$50. You may say that I authorized you to make this statement!"
