THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

The court house grounds have been staked out for the construction of inner sidewalks and curbing. Plans are made for the grading of the grounds and when completed we will have as fine a court house and grounds as we could wish. Visitors still praise the appearance of this building and it is the consensus of opinion that we got our money's worth.

This country now feels assured that we have a man in the president's chair who is able to guide the ship of state in this the worst of all storms. President Wilson deserves the esteem of all our citizens for the efficient manner in which he has kept us out of the European difficulties. This country does not want war. War seems devastation as we can easily see by looking at the countries of Europe. It will take fifty years to recover from the destruction already made. We are a peace loving nation. We do not want to be dragged into war or forced into war and Woodrow Wilson knows that and is doing his utmost to keep us from the consequences of war. The nation's honor can be upheld in the great majority of cases by other means than war. War is the last resort and this nation desires to keep clear of that.

Sub-marine torpedo boats are the progressive idea of the burning ships used in our Civil war. They are more certain, more destructive. It was a foregone conclusion that sooner or later some of the larger passenger carrying vessels should become victims of the sub-marine. When the Lusitania went down the shock was not so great because of the warnings that had been issued. Americans who sailed on that vessel knew that they were taking their lives in their hands and they took the risk. Some of them did not believe the warnings meant anything because the ship was so large but the fact is that there is not even a war vessel big enough or strong enough to withstand the action of one of these torpedoes. As to whether the attacking party was criminally guilty or not remains yet to be learned for all the evidence is not yet in. During the progress of war all kinds of alarms are sent out and it is for us to wait until we have all the evidence before us before we form an opinion one way or the other.

**KANSAS PICKUPS**  
(From Smith County)

Tweede Shrader and family ate Sunday dinner at Bert Payne's.

F. M. Brown and family spent Sunday at the home of John Barnes.

Dell Brown and family were Sunday visitors at the home of Oliver Noble. Mrs. Tom Heath of Canadian, Texas, is visiting at the home of Bert Payne this week.

Quite a number of the young people of Oriole attended church at Mt. Hope Sunday evening.

Mr. J. C. Peterson was called to his old home in Unionville, Iowa, to the bed-side of his aged father who is seriously ill.

Mr. and Mrs. Shadlow of Almena, are here spending a few days with their daughter, Mrs. Harry Brown and family.

C. W. Hooper and family were Sunday visitors at the home of E. E. Spurrier's and all went to Oriole for Sunday School and church.

We had frost a couple of nights last week but it did not seem to damage anything. We have fine prospects for a fruit crop. Gardens look good and some of the farmers have their corn planted.

Mrs. Gertrude Price has returned home after spending last week in Topeka, attending the state Sunday School convention. She was sent as the delegate from the Oriole Sunday School and will have her report ready to give to the school next Sunday. Let everybody come and hear it.

Duckerville was well represented at the home talent play at the opera house at Lebanon last Friday evening. Those who attended were E. E. Spurrier, wife and daughter, Melba, Fay Upp, Mr. and Mrs. Robt. Lannigan, Mr. and Mrs. Clifford Reavis, Mr. and Mrs. Jesse Mays and Dulele Payne.

**At The Tepee**

Manager Geo. Warren of the Tepee, announces that he has contracted for four sets of motion pictures from the World Film Corporation, one set a week to be exhibited here beginning with Monday, May 17th, both afternoon and evening. These pictures are the best that can be obtained, and in contracting for the four sets, Mr. Warren intends to give them a fair trial, and ascertain if the theatre going public care for pictures of this class.

The first of this class to be shown here is the photo play, "The Seats of the Mighty," by Sir Gilbert Parker, and is pronounced by critics as being the most ambitious photo play in America. Owing to the fact that the securing of these pictures is just that much additional expense, the regular service being contracted for by the year and the films having to be paid for whether shown or not, Mr. Warren has felt obliged to charge the small sum of five cents additional for the evening show, but giving the public a chance to see the pictures, at the regular prices in the afternoon at 4 o'clock.

Mr. Warren is certainly sparing no pains in his endeavor to please his patrons, and the fact that his efforts are not in vain is proven by the large patronage the Tepee enjoys.

**Railway Commission Favors Lincoln Telephone Co.**

The State Railway Commission has rendered an opinion in the Red Cloud telephone case. In 1910 the Farmers Independent exchange made a deal with the Lincoln Telephone company whereby the latter was to run its toll lines in on the former's switchboard. It asked permission to use its own switchboard and to trunk across a connection with the independent company's switchboard. This the commission permits, finding that it is for the better service of both companies. The Independent company objected, setting up the contract and arguing that it put their subscribers to a disadvantage in toll business.—State Journal.

The change which does not apply to the local service, only the toll service, was made here Monday, with apparently no hard feelings, we are pleased to announce.

**Alfalfa Seed \$6.50 Per Bushel**

This seed is colored but most of it will grow as well as the best.—C. J. PLATT.

Spring Coats at \$5 and up at Miner's.
