YOUR HOMESTEAD CHANCES ARE DISAPPEARING

Are you taking advantage of your homestead rights for yourself or your son? The last two years have been the heaviest homesteading years in the history of this country. What does this tell you? At this rate at the end of 10 years there will be only "odds and ends" left. You can yet secure an excellent 160-acre tract of even, rolling prairie in Northeastern Wyoming, for the dairy business and stock raising.

Or, you can take up in the Government Irrigation Project in the Big Horn Basin an 80-acre homestead, close to the town of Powell, Wyo., in a district of schools, choice farms, and in a highly developed community. Government permanent water rights \$2 per acre. Land free. Twenty year payments, no interest. About 80 of the good farms left; if you mean business this is the finest gift the Government can today make you.

Send for publications. Write me. I am employed by the Burlington to serve you.

Imported French Percheron Stallion
DAMIER, No. 40282

DAMIER is well known in this vicinity as a great draft stallion. His colts always show his breeding, and have sold at much higher prices on the market than colts from any horse ever stood in Campbell. Lyman Eastman raised some fine colts from him; one at 3 years weighed 185 pounds. He sold him for \$200, and the man that bought him sold him for \$500. Joseph Brunke raised 2 that at 3 years weighed 1700 and 1900, and he sold them for \$450. His colts always bring big money on the market. I have a pair I have been offered \$250 for. He is the horse that you want to raise colts from that you can be proud of. Come and look at the fine string of colts I have of his.

Will stand for season of 1915 at F. E. Payne's barn, section 34-3-12.

TERMS—\$12.50 for the season; \$15.00 to insure colt to be ten days old.

Should owner of mare part with same, or remove from county, service fee becomes due at once. Care will be taken to prevent accidents, but will not be responsible should any occur.

Treatment For Cut Worms

Among the familiar pests which the experienced gardner expects to meet this season, if he has not already, are the various kinds of cut worms. One of the remedies suggested by the College of Agriculture is the poisoned bran mash. To make it, mix 20 parts dry bran to one part Paris green, add the juice and chopped pulp and peel of orange or lemon fruits to give perceptible flavor or odor and enough water to make a thoroughly dampened mash. A tablespoon full of the mixture may be placed near the bases of the plants. In the small garden it may often be easier to pick and destroy worms or brush them into a pan of oil and water than to poison them. Clean culture, of course, is important.

FIRE

THE ALARM OF FIRE is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place. What folly, what mistaken economy.

THE COST OF INSURANCE is so small that it need hardly be considered. The freedom from worry alone is worth it many times over. Have us insure you to-day.

The Standard Bred and Registered Trotting Stallion
Allercyone McGregor
RECORD 2:09 1/4

ALLERCYONE MCGREGOR, No. 388, the subject of this sketch, has a record of 2:09 1/4 on a half mile track in 1910. He is one of the stoutest bred rugged-built game race horses, and is from a race horse family on both sides of the dam. All McGregor, by son McGregor. His dam, being bred by Allercyone, he by the great mare, All McGregor, his dam being the great brood Allercyone, 2:07 1/4, his dam being the great brood Allercyone, 2:07 1/4, also the dam of Miss Delmar, the greatest race mare that ever raced over a half mile track. Also the dam of many others with standard records. His third dam is the dam of six from 2:10 to 2:25, and with the fourth dam is a producer on his sire's side. Allercyone McGregor comes from the great Allerton family bred by Allercyone the best son of the great Allerton, who in his time held the world's record in his time held the world's record.

stallion racing, 2:07 1/4 to him when young, and was the leading sire of the world; on his dam's side the first three stakes were won by him, which family gave us the mighty Allercyone the greatest race horse family in existence. Allercyone McGregor is a fine time but race. He was bred by E. H. K. H. C. Carls, Mo. In a race at Toledo, Ohio, the first heat being 2:09 1/4, equalling the track record made by Mattie Chimes the year before that he could have paced the best in 2:08 or better. His record is no fault to his speed, as he has paced a half mile on a half mile track in 1:02 1/4, a quarter in 0:25, and an eight in 0:12 1/4. While Allercyone McGregor is a pace himself, he is strictly trotting bred, and what few colts he has are all trotters and show lots of speed, and he should be as great a sire as was his grand sire, if given an opportunity.

Will stand for season of 1915, Monday, Tuesday and Wednesday at F. E. Payne's farm; Thursday, Friday and Saturday at Red Cloud Tie Barn.
