Have You Ever Been To Yellowstone Park?

You can plan a summer outing in Yellowstone, this region of beautiful canyons, forests and mysterious geysers, that will include a magnificent tour of the whole mountain region—for instance, go one way via Cody, the East and scenic entrance, or via Gardiner, and the other way go through the Yellowstone gateway by way of Salt Lake and scenic Colorado. This is what is called the Rocky Mountain Scenic Tour.

Or, you could go one way via Denver and the Burlington's new line through the Big Horn Basin, tour the Park, and travel the other way via Gardiner, Billings and the Burlington's main line through Sheridan. While in Colorado visit Estes Park, Colorado Springs and Manitou. You will be astonished at the very low fare for such a vacation tour.

Write me for literature, descriptive publications, folders; let me help you plan a perfect vacation trip.

THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

In spite of all indications to the contrary, we have always suspected that our contemporary in the outside basement was susceptible to feminine charms. We are confirmed in this opinion by an incident which happened last week. Two pretty young ladies brought to this office an advertisement which they desired published without charge. Upon being informed that our rule requires payment for advertisements of entertainment, where an admission is charged, they consulted the information that our friend mentioned above had agreed to pay the advertisement fee. Unfortunately the hard-hearted editors of the Com Ad and Argus were not so easily influenced by youth and beauty.

We acknowledge having run the above mentioned local free of charge. Not being a regular contributor to the Y. P. C. E. Society, we felt able to afford being so. Since taking charge of the Chief, we have been able, at all times, to conduct its affairs without the aid of our contemporary, and from the success with which we have met, feel able to continue doing so. While we do not plead guilty to being "susceptible to feminine beauty," but should such be a fact, wherein lies the sin, since even preachers have been known to fall for its charms?

When Governor Morehead learned that Red Cloud had set apart this day to work the roads he immediately issued a proclamation naming July 29th and 30th as good roads days. Now of course he will get all the credit.

One of the streets in the south part of town is in a very bad condition. For that matter nearly every street in the city is in a bad condition but the council is making rapid progress in fixing these up. If our citizens will be as patient as possible all the streets will be made passable just as soon as this can possibly be done.

An entirely new feature at the Chautauqua this year will be introduced. The management will have a young lady on the grounds to care for all little children during the entertainment. So let the mothers come and enjoy themselves. While on the subject there is every evidence that the programs this year will be well up to standard. The "talent" has been carefully selected and something arranged for all. This comes but once a year and it serves an excellent purpose.

The Nebraska State Ball League has passed into history. Red Cloud had enough in two years to satisfy any one but it took longer for the other cities to wake up to the fact that there are many discouraging features connected with league playing. The old enthusiasm for the home team is lacking because no one knows any of the players. The players are unacquainted with the town they represent and so long as they draw their salaries what difference does it make? The way to get up real base ball enthusiasm is to have home players and then root, root, root. Of course the wet season had something to do in hurrying up the finish but it was a foregone conclusion that the state league could not last.

Action of Single Spoonful Surprises Many

Red Cloud people who bought the simple mixture of buckthorn bark, glycerine, etc., known as Adler-Lika, are surprised at the INSTANT effect of a SINGLE SPOONFUL. This remedy is so complete a bowel cleanser that it is used successfully in appendicitis. Adler-Lika acts on BOTH upper and lower bowel and ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach, ONE MINUTE after you take it the gases rumble and pass out. C. L. Auto Racing

When you see four automobiles, side by side, go into the turn of the half mile track on the State Fair grounds, you will involuntarily rise to your feet and experience a tingling sensation at the roots of your hair. On the State Fair grounds September 10 and 11 will be the real automobile races with the world's best drivers contesting. The prizes charged will be fifty cents to the grounds and reserve seats thirty-five to seventy-five cents. Bleachers twenty-five cents. Besides the auto races, there will be other big features, each of which is worth the price of admission.

FIRE
THE ALARM OF FIRE is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place. What folly, what mistaken economy.
THE COST OF INSURANCE need hardly be considered. The freedom from worry alone is worth it many times over. Have us insure you today.
