## WE REQUEST THE PLEASURE

**WEBSTER COUNTY BANK,**  
RED CLOUD, NEBRASKA  
CAPITAL \$25,000

Of conferring with you as to your Account. While adhering to a policy of safety and conservatism, we make it a point to give to our customers close personal attention and an intelligent recognition of their needs. If the highest character of personal banking service appeals to you we shall esteem it a favor to be honored with a visit from you.

## Many Topics Are Discussed At Banquet

At the regular monthly meeting of the business and professional men of Red Cloud last Tuesday at the Royal some very interesting matters were considered.

Rev. C. L. Meyers presided and did the part well. Prof. Moritz discussed the subject of a new high school building. He pointed out many facts as to the comparative standard of Red Cloud High School, with other schools, all of which were complimentary to Red Cloud save the building. Mr. Moritz showed how there was not enough light in the old building, and he knew that it had at times caused pupils trouble with their eyes. He also pointed out there was no ventilation and how that there was only about one half or a third enough air space for each pupil which was sure to cause throat and lung trouble. Mr. Beebe moved that the facts pointed out by Mr. Moritz be printed in pamphlet form.

Chas. Kaley and F. W. Cowden spoke of the desirability of a new building from the business men's view point. Both were in favor of bonds for a new building.

Mr. George Hummel was present and explained how that the legislature had made no appropriation for Farmers' Institutes and also did away with the county appropriation and that there was no funds for such a meeting this year. Dr. Damerell told us to the Belgian fund that had been promised and pointed out that the state board had asked that the funds be passed through two or three committees and that he did not like this, and suggested as the Belgians were now pretty well supplied to give this money back to those who gave it. It was then moved and seconded that this money be donated to the Farmers' Institute fund with the consent of each giver. This motion carried. The Commercial Club also took the matter of these institutes under consideration.

Paul Storey made a report of the road money donated and the work done by donation on the road south of town. Mr. Storey said that he thought that the land for a new road would cost \$500 besides two new bridges at \$1000 each, and in his opinion the old road was the best. He asked the Club to set another day for working the roads. The chairman is to appoint a committee with this in view.

A new committee on arrangements was appointed as follows, Roy Sattley, Dr. R. V. Nicholson and A. B. McArthur.

## The Sewer Bonds Are Defeated Again Tuesday

The special sewer bond election which was held on Tuesday passed off quietly, very little interest being displayed on either side. This is the second time this proposition has come up before the voters of this city. In October 1913, the bonds were defeated by a majority of 53. The following is the vote polled on Tuesday:

	1st ward	2nd ward
For.....	33	69
Against.....	59	111

## Thrills The People

Reports from the east indicate that the exhibition given by DeLloyd Thompson and Barney Oldfield is a novel and thrilling one. Columns of newspaper space are devoted to describing the maneuvers of the two in the famous aeroplane-automobile race. This will be a daily attraction at the Nebraska state fair Sept. 9-10. In addition Thompson will loop-the-loop, fly upside down and dive from the clouds. Oldfield will race against his record. On Sept. 10 and 11 there will be exciting automobile race programs with a large number of entrants. Such men as Disbrow, Raimey, Kilpatrick and many others will be in the contests.

## The Closing Days Of The Chautauqua

The 1915 Chautauqua will go down into history as the best all around entertainment of its kind ever held in this city. The program was well balanced throughout, giving something for everybody. On the fourth the Hugh Anderson Operatic company greatly delighted the audience with their singing and acting. This company rendered nothing but classic music, but in such a manner that the merest novice in music could appreciate it. They will always be welcome to this city.

Robert Bowman in his character portrayals charmed one and all. His make-ups were of the highest order and true to nature. He kept his hearers charmed and entertained with ease.

The Sunday School rally the last day of the chautauqua was an interesting feature. This was in charge of Paul S. Dietrich and was a success in every particular. Mr. Dietrich is an enthusiast and he succeeds in imparting his enthusiasm to his audience.

Victor's Florentine Band gave fine entertainment in the evening. Musical critics said this was not as good as the Liberator band but it was fully up to the standard and their music was excellent.

At the close of the session tickets were sold for next year and enough of them were disposed of to assure another chautauqua.

## Weekly Weather Forecast

Weather forecast for the week beginning Wednesday, Aug. 11, 15 issued by the U. S. Weather Bureau, Washington, D. C., for the Upper Mississippi Valley and Plains States:

Fair weather for four or five days, probably followed by showers the last two or three days of the week. Moderate temperature.

Mrs. E. S. Garber spent Wednesday in Guide Rock.

## Another Old Pioneer Is Laid At Rest Sunday

On last Thursday John Havel Sr., one of the pioneers of this county, died at his home in Batin township at the age of 82 years. Mr. Havel was born in Austria in 1833, and came to the United States in 1874, coming direct to Webster county where he homesteaded the farm on which he died. He was a good neighbor and an industrious citizen, but since the death of his wife one year ago, he had fallen rapidly in health. He leaves eight children to mourn his demise, one daughter having passed away several years ago. Funeral services were held on Sunday morning at the home of his son, Joe Havel, Rev. G. W. Hummel officiating. Interment was made in the city cemetery. The Chief along with the entire community extend sympathy to the bereaved relatives.

## John Albert Clark Weds Miss Fannie Marvel Brown

Wednesday evening at the Baptist parsonage, Miss Fannie Marvel Brown and John Albert Clark were quietly married, Rev. D. L. McBride, officiating. The bride is a daughter of Conductor and Mrs. W. H. Brown. She was born and has lived here all her life, is a graduate of the high school and has been employed in the central telephone office for some time. She is highly esteemed by all her many friends. The groom is a son of Engineer and Mrs. "Tony" Clark now of Red Cloud, who lived here several years ago. He has been employed in the train service of the Burlington for the past eight years and is a fine young man. They went to Denver the next morning for a short visit. Their many friends, among them is the Republican, wish the young couple a long and happy life.—McCook Republican.
