THE CALL OF THE COAST

The Pacific Slope, with its marvelous development, solicits you to journey through that land. The melting snows of its mountains are magical resources shaped to the genius of electrical and horticultural wizards; those mighty forests are the last of their kind left standing on this earth; there are no such orchards, orange groves and floral landscapes in the world, nor does history record there ever have been.

The Burlington operates five through service routes to California and two through service routes to Puget Sound, with the Pacific coast steamship or rail connecting link. You may combine these through service coast routes for a "See America" tour that will include the broadest scope of the West and Northwest.

Let the undersigned tell you of our through service routes available at the \$50 excursion rate to California, or the \$67.50 rate for the Coast circuit tour.

FIRE

THE ALARM OF FIRE is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place. What folly, what mistaken economy.

THE COST OF INSURANCE is so small that it need hardly be considered. The freedom from worry alone is worth it many times over. Have us insure you to-day.
