	High School	

Miss Ruth Johnston, Principal—Mathematics.  
Miss Stella Ducker—Mathematics.  
Miss Josephine Richards—Commercial.  
Miss Cecile Thornton—Economics.  
Mr. J. J. Wren—Agriculture and Manual Training.  
Mr. W. P. Medlar—Science and History.  
Miss Edna Ranney—English.  
Miss Vernon Storey—Latin and German.

We are pleased to welcome the teachers who taught in our schools the past and previous years. They have proven their ability and we are glad to have them with us again. The new teachers also are welcome to our city. Prof. Whitehead who undertakes the superintendency is a man of wide experience and has a state wide reputation for efficiency. The fact that he stayed seven years in one place and built up a splendid system of schools speaks volumes in itself. He is a pleasant gentleman to meet and is a school man in every sense of the word.  
Mr. J. J. Wren of Farnam has charge of the agricultural department. He is graduated from our state university and comes with the highest recommendations. Mr. W. P. Medlar, who has charge of science and history is a Doane college man and is well equipped for these departments. Miss Edna Ranney is a Colner product and will have charge of the English department. This university is considered especially strong in this branch and we are confident that Miss Ranney will give excellent satisfaction. Miss Weekly is from Valley, Nebraska and will have charge of the sub-primary department in the Lincoln school. She is well prepared for this work having specialized in kindergarten and primary methods. Miss Nina Simmonds of York is likewise a graduate of the state university and will have charge of the music in our schools. She has taken special training in teaching this branch and this district is fortunate in securing her services. To these new teachers one and all we extend heartiest welcome.

Father Fitzgerald was in Superior Wednesday.  
The special meetings will be resumed again in a gospel tent in the first ward.

**School Bonds Carry By Large Majority**

A new High School building is now an assured fact. The special bond election, which was held here yesterday, resulted in the bonds carrying by the neat majority of 82 votes. While there are about 1200 qualified voters in School District No. 2, yet there were only 392 votes polled—237 for the bonds and 155 against them. The need of a new High School Building has been apparent to the entire community for some time past, and no small amount of money has been expended from time to time, in an effort to make the old building meet the requirements incident to a rapidly increasing school attendance, and now that this grief is a thing of the past, and Red Cloud is to have a new, modern High School building, each and every citizen, who has the best interests of the schools at heart, has just cause to rejoice.
