

TO MEET HUGE BILLS

EUROPEAN NATIONS SEEK TO BORROW BILLIONS.

TROOPS ON MEXICAN BORDER

Rio Grande Being Patrolled by Line of Cavalry—President Desires Friendly Relations to Continue.

Western Newspaper Union News Service. New York.—The Anglo-French commission seeking a way to meet the huge bills of Great Britain and France for American munitions and other supplies reached New York Friday, and was welcomed by J. P. Morgan, and met approximately one hundred bankers, insurance heads and leaders in other lines of finance at a reception in Mr. Morgan's library. The commissioners were afterwards dinner guests of a party of New York financiers. Actual negotiations as to the credit they hope to establish here were not begun and will not be for several days. During this period the commission expects to meet many other bankers and exporters and to become familiar with the situation. With these preliminaries disposed of, the commission will start on the actual details of the proposed loan.

Wants Friendly Relations to Continue. Washington.—The recall by his government of Dr. Dumba, the Austro-Hungarian ambassador to the United States, has been requested by the American government. By reason of his admitted purpose to conspire to cripple the manufacture of munitions of war and his employment of an American citizen as the secret bearer of official dispatches through the lines of an enemy of Austria-Hungary, President Wilson directed the American ambassador at Vienna to inform the Austro-Hungarian foreign minister that Dr. Dumba was no longer acceptable as an ambassador and to request his recall. The dispatch to the American ambassador gives assurance to the Austro-Hungarian government that the American government regrets the necessity for this course and sincerely desires to continue on friendly relations with it.

TROOPS ON MEXICAN BORDER.

Cavalry Patrolling Banks of the Rio Grande. Brownsville, Tex.—Carranza troops are entrenched at the Progreso crossing of the Rio Grande, about thirty miles above Brownsville. They shouted across the river to American soldiers at that point that they would not fire upon American troops. They also announced that they would reserve the right to fire upon any rangers, deputies or civilians who appeared on the American bank of the river.

The lower Rio Grande bristled with troops, disposed along two lines in a manner giving substantial promise of peace from the bandits and absolute protection against serious incursions from the Mexican side. From the river's mouth for a distance of a hundred miles upstream there was a line of cavalry patrols riding river bank and road.

Barney Oldfield Makes New Record.

Lincoln, Neb.—The world's record for five miles on a half mile dirt track, formerly held by Bob Burman, was shattered by Barney Oldfield at the state fair Thursday afternoon, the new time being five minutes and forty-four seconds. This is five and two-fifths seconds better than Burman's mark of 5:49 2/5. Thirty thousand people saw Oldfield establish the new record.

Punishment for Perjurer.

New York.—Gustav Stahl, the German reservist, who swore he saw four guns on the Lusitania just before she sailed from here on her last trip, but later admitted his affidavit was false and entered a plea of guilty to perjury, was sentenced by Federal Judge Hough to eighteen months' imprisonment in the federal prison at Atlanta and to pay a fine of \$1.

Twenty Killed in Air Raid.

London.—Twenty persons were killed and eighty-six others injured in a Zeppelin raid Wednesday night. The German airships flew over the eastern counties of England and the London district.

Buys Air Fleet for England.

Simsa, India.—The Gaekwar of Baroda has contributed five lakhs rupees (\$160,000), to provide aeroplanes for use on the British front. Last December he purchased the steamship Empress of India as a hospital ship for Indian troops. Soon after the war began he offered all his troops and resources to aid the British.

London—Ten persons were killed and forty-eight wounded in a German air raid on the east coast of England Tuesday night.

Dollar for Basis of Exchange.

Washington.—The time has come, in the opinion of the federal reserve board, when the American dollar should take a dominating place in the financial markets of the world, and when the American, or dollar, exchange should become the medium through which the millions of exports and imports of the United States are paid. To open the field for American exchange the board has issued revised regulations governing the redemption of bankers' acceptances by federal reserve banks.

GOVERNMENT IS DEFRAUDED

DUMBA NOT ACCEPTABLE AS AUSTRIAN ENVOY.

California Congressman Makes Charges Against Railroads—Nebraska Made Goods at the State Fair.

Western Newspaper Union News Service. Washington.—Ambassador Penfield at Vienna has been instructed by cable to inform the Austro-Hungarian government that Dr. Constantin Dumba no longer is acceptable as an envoy to the United States and to ask for his recall. Secretary Lansing formally announced the action. It was the answer of the American government to Dr. Dumba's explanation of his intercepted letter to Vienna outlining plans for handicapping plants in this country making war supplies for the allies.

Interest in Nebraska Made Goods.

Lincoln.—The exhibit of the Nebraska Manufacturers' association at the fair was one of the new features. An entire building was turned over to the association and goods made in Nebraska were shown. Nearly everything from a spark plug to the most expensive garment in the world can be found in the building. The exhibit of made in Nebraska goods proved to be an eye opener for most Nebraskans who took time to investigate. In some of the booths there were machines in operation showing the process of manufacture. In all were products of Nebraska in the finished form. The interest of all visitors was aroused in Nebraska made goods.

DEFAUDING THE GOVERNMENT.

Congressman Randall Makes Charges Against Railroads.

Los Angeles, Cal.—In a speech before the United Association of Postoffice Clerks in convention here, Congressman C. H. Randall of California, who was once a railway clerk, charged that the railroads of the country were defrauding the government in the matter of payments for handling the mail. "I undertake to say," he said, "that this government has been robbed of hundreds of millions of dollars by overcharges and downright frauds on the part of the railroads. Yet the country is literally flooded with literature and inspired editorials which attempt to prove that the postoffice department is treating the railways in a niggardly fashion."

Seven-Inch Hail Stones.

Greeley, Neb.—The worst hailstorm in the history of this town struck here Wednesday afternoon. The storm proceeded in an easterly direction and covered an area of several miles in each direction. Corn is reported injured to some extent. James O'Connor, who owns a large orchard and truck farm just west of town, reports great loss to the fruit and a total loss of his garden. The hail fell in a heavy sheet for fifteen or twenty minutes and was of great size, stones measuring seven inches in circumference completely covering the ground to a depth of half a foot.

Omaha.—Delegates of the "Committee of One Hundred to Make Nebraska Dry in 1916" met here to arrange for the "dry" convention which will be held in Lincoln, September 29 and 30. Those present were from every part of Nebraska, almost every city represented in the "One Hundred" sending a delegation. Judge Samuel Davidson of Tecumseh was elected chairman of the meeting, W. A. Selleck of Lincoln, treasurer, and Mrs. Clavin, president of the state W. C. T. U., of University Place, and Dr. Williams of Blair, secretaries.

Balked on War Goods.

Chicago.—Seventy-five German and Austrian machinists employed by Torris, Wold & Co., tool manufacturers, went on a strike when they learned that the company had taken a contract to make tools to be used in manufacturing shrapnel for Great Britain and her allies. The concern until recently has been engaged in the manufacture of canning tools. The strikers stationed pickets about the plant and refused to permit workmen to take their places.

MR. KILL JOY

DANGER OF BREAK WITH GERMAN GROWING LESS.

INNUNE FROM TORPEDOES

Safeguards Being Provided for the New Battleships Being Built—Heavy Exodus from Towns in Mexico.

Western Newspaper Union News Service. Washington.—The issue with Germany has turned to a less acute stage, through consideration of the proposal to take the dispute in the questions of fact in the Arabic case to The Hague. One set of officials believe to do so would amount to arbitration of the principles for which the United States has been contending and would open the way to practically unlimited submarine operations with disputed questions of fact and arbitration in each case. Another set of officials believed that without taking in the principles involved, The Hague might properly be allowed to decide not whether the submarine commander was justified in sinking the Arabic because he believed she was about to ram him, but whether the liner actually was attempting to resist or escape, and if so, whether that justified the commander's action under international law.

Exodus from Mexican Towns.

El Paso, Tex.—Nearly 2,000 residents of Torreon, Chihuahua City, Durango City and vicinity reached Juarez Saturday on a single train, made up of twenty-two passenger coaches. Among the number were about 100 foreigners, mostly Americans. Many other persons were anxious to leave Chihuahua when the train left, passengers said, but could not find room aboard the train. Scarcity of food and fear of violence in the impending clash of Villa and Carranza forces were the reasons, according to foreign passengers, for the flight to the border. Famine conditions, they said, existed at Torreon, where it was impossible to purchase bread. They added that during the trip northward trains laden with corn were passed, presumably en route to Torreon to relieve conditions and to supply the Villa army.

IMMUNE FROM THE TORPEDO.

Safeguards to Be Provided for the New Battleships Being Built.

Washington.—Plans for two new battleships authorized by the last congress have been signed by Secretary Daniels. They will be the largest and most powerful warships ever designed for the American navy, and in addition to formidable main batteries of twelve 14-inch rifles each, will be provided with new safeguards against torpedo attack and anti-aircraft guns. While the navy department will not make public the nature of inventions adopted to protect the dreadnaughts from torpedoes, Secretary Daniels said lessons learned from the European war had been given careful consideration by the navy's experts who developed the device.

State Fair Breaks All Records.

Lincoln.—The 1915 Nebraska state fair will go down into history as one of the most successful in the annals of that institution. In many respects it surpassed all others. Not only was the attendance larger than ever before, but the exhibits were, in the minds of many judges, the best yet, and the quality of the auto and horse races might be measured by the fact that one world's record was tied and another broken. The attendance reached 180,000, breaking the record year by over 13,000.

Were Many Different Makes.

Lincoln.—Ninety different makes of automobiles, owned by farmers of Nebraska, entered the state fair grounds Thursday up till 4 o'clock in the afternoon, according to a census taken by "Jack" Whitten, a 14-year-old fan, son of W. S. Whitten, secretary of the Lincoln Commercial club, who catalogued each car as it passed, to the number of 2,189. He found that one firm, a leading maker of small cars, led by almost 500 cars in popularity, or at least in possession.

Cloudburst Floods Kansas Town.

Iola, Kan.—Hundreds of persons were made homeless and property damage estimated at \$100,000 was done as the result of a cloudburst which inundated the east and south parts of Iola Tuesday. The government weather bureau announced that 6.10 inches of rain fell. Sleeping residents of the flooded sections were warned by telephone, the discharge of fire arms and the ringing of fire alarms. Scores of men worked all night rescuing people from houses and trees.

Revolt in State of Tobasco.

Vera Cruz.—The major portion of the state of Tobasco has revolted against the Carranza government. Street fighting in San Juan Bautista, the capital of the state, and in Frontera, a town on the coast, resulted in the killing of General Colorado, the and secretary of state. Many women and children were killed on the streets. The Carranza officials remaining seized a boat at Frontera and escaped to Vera Cruz.

ISSUE IS LESS ACUTE

DANGER OF BREAK WITH GERMAN GROWING LESS.

BRIEF NEWS OF NEBRASKA

The Gage county fair will open September 28.

The proposition to vote water works bonds for Cortland was defeated. Lincoln will have a policeman added to the force after October 1.

The South Platte Exposition will be held at Hastings October 11 to 16. The southwest Nebraska fair will be held at Maywood, October 11 to 15. November 7 will be observed throughout the state as Sunday School day.

A tennis tournament will be held at Kearney by the boys of the Industrial school.

Railroad men handling the state fair crowd say the record was broken for order and sobriety.

The headquarters of the Cudahy Packing Company are to be removed from Chicago to Omaha.

Four attempts were made to break out of the Dodge county jail by prisoners during the past week.

The ninth anniversary of the founding of the village of Polk will be celebrated on September 22 and 23.

The state conference of the United Brethren churches will be held at York, the latter part of the month.

Exeter will have a corn festival, with a barbecue, speeches, free movies and other attractions, October 7 to 9.

Peas are almost unknown in Richardson county where the severe weather of last winter destroyed the crop.

J. P. Bailey, of Omaha, for fourteen years state secretary of the Y. M. C. A., has resigned on account of poor health.

Timothy Loomer, of York, celebrated his 96th birthday last week. He said he was in excellent health and felt like a boy.

Nearly one hundred hunting licenses were issued in one day to Hastings nimrods. Hunting is said to be the best in years.

The German Family club of Lincoln will erect a \$30,000 home, the structure to be of stone and brick, three stories and basement.

The Nebraska conference of the Methodist church will convene in Omaha, September 22 and continue in session for a week.

Over two thousand delegates attended the letter carriers' convention at Omaha, Dallas, Texas, was chosen as next meeting place.

Rev. J. O. Backlund of Stromsburg, was elected secretary of the Swedish Baptists of America at its recent conference at Oakland, Cal.

Mrs. J. W. Astrom, near Osceola, was seriously burned by the explosion of a can of kerosene she was using to start a fire in the range.

The state fair management from president to guards wear a smile that went some off, on account of the records made by the 1915 show.

Wednesday's attendance at the state fair, 43,421, is the third largest Wednesday in history. All grandstand admittance records were broken.

The Singer Sewing Machine Company is buying walnut logs in the Sidney neighborhood, several car loads having been shipped recently.

The "Flat Car Babe," found on a train some weeks ago at Plymouth, after a hard fight for life, is dead at the orthopedic hospital at Lincoln.

A nest of "monkey-faced" owls, a South American bird, was found by hunters near Hastings. The variety has never been seen in Nebraska before.

Managers of the North Bend Community picnic are looking for a young couple who want to get married. They offer as an incentive, \$100 cash and expenses during their stay.

Dick Rutherford has a squad of "Cornhuskers" in camp at chautauqua park at Beatrice, and expects some great results from the week's hard training he has in store for them.

William Bismark Thomas of Nelson, Horace Gregg Armitage of Kearney and Elizabeth Martha Webster of Havelock scored as perfect babies in the better babies show at the state fair.

Clarence Greenfield, an 11-year-old Lincoln boy, fell under the wheels of a clay dump car at the Burnham brick yards, and died in a few hours from the shock and loss of blood.

Both contain less heat producing properties than heavy meats. Try them for summer luncheons and picnic tidbits.

Libby, McNeill & Libby Chicago

FIXED IT IN HER MEMORY

Ingenious Method by Which Lawrence Hutton Cured Waitress of Her Forgetfulness.

The late Lawrence Hutton used to say that having to take a little trouble would impress a fact on anyone's memory so that he would never be able to forget it. In illustration he would tell this story:

"Our waitress, Maggie, could never remember to put the salt on the table, and time after time Mrs. Hutton would remind her to do it. One morning it was absent, as usual, and I said, 'Maggie, where is the stepladder?'"

"It's in the pantry, sir."

"Please bring it in, Maggie," I said, kindly.

"Maggie brought it in with a look of wonder on her face.

"Put it right beside the table," I commanded; and when she had done so I added, 'Now, I want you to climb up to the top of it, look all over the table and see if there is any salt there.'

"Maggie never forgot the salt again."—Youth's Companion.

Genuine Happiness.

A fact concerning modern religious activity, which seems to have escaped general remark, is that Christians know better how to play than ever before. In the normal times of recent years a visitor at one of the summer conferences of the student Young Men's Christian association, for instance, would be surprised and delighted at the hearty good times which the delegates enjoyed. Christian Endeavor, too, has taught young people how to play. The whole conception of recreation and its place in life has received new attention of late years. Anybody who is seeking for it may find abundant evidence that there is more genuine happiness and intelligent pleasure among Christians than among the followers of frivolity.—Exchange.

The Latest.

"You ought to see my new flat." "Any special features?" "Well, I should say. A folding stove and a built-in piano."

Efficient One.

"Can you tell me the quickest way to get up in the world?" "Sure I can. Pat a mule on the hind leg."

IT SLUGS HARD.

Coffee a Sure and Powerful Brulser.

"Let your coffee slave be denied his cup at its appointed time! Headache—sick stomach—fatigue. I know it all in myself, and have seen it in others. Strange that thinking, reasoning beings will persist in its use," says a Tokpeka man.

He says further that he did not begin drinking coffee until he was twenty years old, and that slowly it began to poison him, and affect his hearing through his nervous system.

"Finally, I quit coffee and the conditions slowly disappeared, but one cold morning the smell of my wife's coffee was too much for me and I took a cup. Soon I was drinking my regular allowance, tearing down brain and nerves by the daily dose of the nefarious beverage.

"Later, I found my breath coming hard, had frequent fits of nausea, and then I was taken down with bilious fever.

"Common sense came to me, and I quit coffee for good and went back to Postum. I at once began to gain and have had no returns of my bilious symptoms, headache, dizziness or vertigo.

"I now have health, bright thoughts, and added weight, where before there was invalidism and the blues.

"My brother quit coffee because of its effect on his health and now uses Postum. He could not stand the nervous strain while using coffee, but keeps well on Postum." Name given by Postum Co., Battle Creek, Mich.

Postum comes in two forms: Postum Cereal—the original form—must be well boiled. 15c and 25c packages.

Instant Postum—a soluble powder—dissolves quickly in a cup of hot water, and with cream and sugar, makes a delicious beverage instantly. 30c and 50c tins.

Both kinds are equally delicious and cost about the same per cup. "There's a Reason" for Postum. —sold by Grocers.
