### Coming Back To Red Cloud

United Doctors Specialist  
WILL AGAIN BE AT THE  
ROYAL HOTEL  
Thursday, November 11th  
ONE DAY ONLY  
Hours 10 A. M. to 8 P. M.  
Remarkable Success of These Talented Physicians in the Treatment of Chronic Diseases  
Offer Their Services Free of Charge

The United Doctors, licensed by the State of Nebraska for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of treatment. All that is asked to return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

These doctors are among America's leading stomach and nerve specialists and are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys, or bladder, rheumatism, sciatica, diabetes, bed-wetting, tape worm, leg ulcers, weak lungs and those afflicted with long-standing, deep seated, chronic diseases, that have baffled the skill of the family physicians, should not fail to call. Deafness often has been cured in sixty days.

According to their system no more operations for appendicitis, gall stones, tumors, goiter, piles, etc., as these diseases are treated without operation or hypodermic injection.  
They were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife with blood and with all pain in the successful treatment of these dangerous diseases.  
If you have kidney or bladder troubles bring a two ounce bottle of your urine for chemical analysis and microscopic examination.  
No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you.  
Worn-out and run-down men or women, no matter what your ailment, consult them. It costs you nothing.  
Remember, this last free offer is for this visit only.  
Married ladies come with their husbands and minors with their parents.

### Teaching Fire Prevention In Our Public Schools

Fire drills should be held on Fire Day in every public and private school in the state. The teaching of Fire Prevention in our schools is a state law, and at this time we beg to thank the teachers of the state for their real interest in this important study. It will be the school children of today who are having these lessons on Fire Prevention impressed on their young, alert minds who will after all be the ones who in a few years will really bring into the home and the business world a campaign of Fire Prevention that will materially decrease our great unnecessary fire loss. Teachers will find interesting programs for Fire Day in the Fire Prevention Text Books which the Fire Commission Department has furnished them. We earnestly request every teacher to arrange and outline a program which will instruct and entertain the pupils. It would be well to arrange such a program as would interest the parents and let the pupils ask their parents to visit the school on the afternoon of Friday, November 6th, 1915.  
Respectfully,  
W. S. RICHIE,  
Chief Deputy Fire Commissioner.

## See Wyoming Now! At Harvest Time---

See for yourself the bumper crops of the homesteaders. Meet these people on their own places and hear of the opportunities that await you there. See to bushel per acre wheat; see the alfalfa, potatoes, sugar beets and practically every farm product now.

During the past year more than a thousand families have found homes in this state along our lines. There is room for you. You now have a choice of a 320 acre Mendell homestead of good agricultural and grass land, or an 80 acre government irrigated farm in the Big Horn Basin. Think this over; get in touch with me. This should be a big question with you. This is better than a rented or mortgaged farm and is a sure way to get ahead and own your home.

Ask about personally conducted excursions to this territory on FIRST and THIRD Tuesdays of each month. I have ready for free distribution literature that tells all about what Wyoming offers you, if you are in search of a home. Write me.
