THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

We feel very much like commending the "Hollow'en boys" for their orderly conduct Saturday night. They have proven to all future generations that they can have a glorious good time without doing any damage to any one's property. Destruction is not happiness, causing other people to suffer is not a sound basis for merriment. Real fun never hurts and the good example set by our boys ought to be the standard for future conduct.

On another page of this issue will be found the premium list for the Farmers' Institute. Look it over carefully and you will see that it will be worth your while to bring your very best to this session. The Red Cloud Institute is known all over the state as being a hummer and this year will surpass all records. It is going to be a big affair and there will be big crowds. These premiums will be paid in cash and the money is already up so there will be no disappointments. The program is practically completed and there will be something doing all the time. Bigger, better than ever. Be sure to attend.

It has been suggested that instead of the business men getting out a city calendar the coming year the money be spent for new street lights. We believe this a good suggestion, it will be something different, it will advertise the city and the lights will last many years. It is a fact that our business street lights could be greatly improved. The light plant has been considerably improved, repairs have been made, the lighting service is excellent, all this has cost money and it may be that there are no more funds to draw upon for the much needed lights for the business section. It may be some little time before the condition of the funds will warrant and expenditure for this purpose, consequently a transfer of advertising would in reality be a gift to the city, to ourselves, and is well worth considering.

Just six years ago Monday night Mr. Geo. J. Warren assumed control and management of the Tepee, and during those six years the public has been greatly pleased with the uniform excellence of the pictures shown. Mr. Warren is a past master in the art of selecting films that are really worth while, and he has no hesitancy in refusing all light, trashy and objectionable features. As a result he has justly earned the reputation of being the "deacon" of Nebraska. Just at present he is putting on a very high class play entitled, *Neal of the Navy*, on Monday and Tuesday nights. This play cost thousands of dollars to arrange for the moving picture business and is strong in every department, in fact it is the kind that the little shows cannot afford to buy. This is but one of the many like films that Mr. Warren has selected during his six years serving the public.

The United Doctors, licensed by the State of Nebraska for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of treatment. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

These doctors are among America's leading stomach and nerve specialists and are experts in the treatment of chronic diseases of a great and wonderful have been their results. In many cases it is hard to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys, or bladder, rheumatism, sciatica, diabetes, bed-wetting, tapeworm, leg ulcers, weak lungs and those afflicted with long-standing, deep seated, chronic diseases, that have baffled the skill of the family physicians, should not fail to call. If you have kidney or bladder troubles bring a two ounce bottle of your urine for chemical analysis and microscopic examination.
