As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same), we will give free, one hand-some set of ware as illustrated here.

**Which Shall It Be?**

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove?  
You know that old stove eats up a lot of fuel each year.  
You know you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.  
Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation.

**The Great Majestic Malleable and Charcoal Iron Range**

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos—parts being malleable can't break—has a movable reservoir and an oven that doesn't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (breads bread just right all over without turning), eats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.  
Don't buy the range you expect to last a lifetime "unsight unseen"; you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

**100 STORY BOOKS FREE**

"THE QUILLIVERS' RIDE," By Claude Watmore  
A charming story for boys and girls of the adventures of the wee QUILLIVERS in BIG FOLKS' LAND—a story that will hold any child's interest to the very end, and teach a lesson of life-long value.  
The first 100 boys and girls who present to THE MAJESTIC RANGE SALESMAN, at our store, between 3 and 5 p. m. TUESDAY, written answers to the following questions, will receive this fascinating story book FREE.  
1—What range is your mother now using?  
2—Give names of anyone you know needing a new range.  
3—The Majestic Range has many points of superiority—which does your mother consider best?  
4—What is your age?  
5—When is your birthday?

**\$1.00 ARTICLE FREE**

The boy or girl giving the neatest and best answer to the third question may select any \$1.00 article from our stock IN ADDITION TO THE SOUVENIR.

**A PRIZE FOR EVERYBODY**

Don't be discouraged if you are not one of the 100 to get the story book. You will receive a MAJESTIC PUZZLE CARD that will afford you many hours of amusement.

Be sure to have your answers ready to hand in at our store TUESDAY afternoon, between three and five. They must be WRITTEN if you wish to receive a souvenir or prize.

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—show you why the MAJESTIC is the best range on earth at any price.

Education lies in knowing things—know why the oven of a range is heated—know how the water is heated—how the top is heated—why the MAJESTIC uses so little fuel—know how a range is made inside and outside. This education may serve you in the future. Don't overlook a chance to know things shown by one who knows. **COME.**

**Secure A Farm In The  
North Platte Valley**

THE NORTH PLATTE VALLEY, frequently called the "Scottsbluff country," is making a more wonderful showing every year in its production of irrigated crops—sugar beets, alfalfa, potatoes, wheat and oats; it is becoming one of the richest localities for breeding and fattening of live stock. Many Government irrigated holdings of 160 acres are being reduced to 80 acres, making it possible for land seekers to secure 80 acre tracks irrigated under the reliable system of the Government on terms that never again will be duplicated. All we can ask is that you visit the Valley and let our agents put you in touch with reliable firms. Ask about the crop tonnage, the increased population, and note the general prosperity; this will tell you what advance in land values you may expect there in the next five years.

Or write me for the Burlington's new publication, "North Platte Valley." Let me help you go there and see for your self this locality which is the talk of the West.

**FIRE**

THE ALARM OF FIRE is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place. What folly, what mistaken economy.

THE COST OF INSURANCE is so small that it need hardly be considered. The freedom from worry alone is worth it many times over. Have us insure you to-day.
