**When Christmas Time Comes**

It Is Always a Puzzle to Know What to Give

Come In and Look My Line Over. I Have Useful as Well as Ornamental Gifts.

**HANDKERCHIEFS**

Handkerchiefs are always a useful as well as a much appreciated gift. Have a nice line in fancy colored borders, with small colored medallion in corner, at 5c to 25c, in plain white and embroidered, from 2c to the more elaborate embroidery at 75c.

**SILKS**

A silk waist or dress is a very acceptable gift for the daughter or mother. Cannot describe the silk in this small space. Come in and let us show you the line.

**BLANKETS**

A pair of good warm blankets is a most useful gift. Have them in cotton, from 75c to \$2.00. In wool from \$2 to \$6.

**HOSE**

A box of Holeproof Hose or Sox is always nice, especially when you get a 3 or 6 months guarantee, so you do not have to wear holes or darns. Six pair of the cotton ones are guaranteed for 6 months at \$2 or \$3 the box. Three pair of the silk ones are guaranteed for 3 months, \$3 the box.

**DOLLS**

For the younger folks I have dolls in a large variety, in the character dolls that are so life like.

**DRESS GOODS**

Some ladies do not care for silk and for those I have a well selected line of wool goods, suitable for suits or dresses, in the dainty evening shades, as well as the most sombre shades for day wear.

**High School Judging Contest**

An inter-scholastic stock judging contest will be held early in April at the College of Agriculture. This will be open to all high schools in the state, and each agricultural instructor is invited to send a team of three men. Fifteen classes of live stock will probably be judged, including beef cattle, sheep, horses, and hogs. A day's work out before the contest will be arranged. The Department of Animal Husbandry has representatives of most breeds and can thus give the boys some special work before the contest. Anyone wishing further information should address the Animal Husbandry Department, College of Agriculture, Lincoln, Nebr.

**Superiority Of Corn And Alfalfa**

Recent experimental work at the Nebraska Agricultural Experiment Station has corroborated the results of former tests in showing the economical superiority of a ration of corn and alfalfa for fattening steers. Cold pressed cottonseed cake used in connection with alfalfa hay, silage, and corn increased the cost of gains and lowered the profits. Cold pressed cottonseed cake did not give as good results as regards either rate of gain as did alfalfa hay. Different amounts of silage in the ration did not seem to make any material difference in the amount of gains. The results of the experiment are contained in Bulletin 151, which may be had on request from the Experiment Station, Lincoln, Nebr.

**Red Cloud People Praise Simple Mixture**

Many in Red Cloud praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika. This remedy is the most THOROUGH bowel cleanser ever sold being even used successfully in appendicitis. ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the gasses rumble and pass out. Adler-ika cannot gripe and the INSTANT action is surprising. C. L. Cotting.
