Read What The Little Folks Say To This Question--Some Of The Best Answers:

<p>Because it bakes bread and cooks the food so well, that we wouldn't have any Stove but the Majestic. It is nice in appearance, you can keep it many years and always looks the same. When our stove wears out we will get another Majestic Range. Edythe Zeiss.</p>	<p>That it uses so little fuel, it doesn't take as much money to keep the Majestic Stove going as it does other stoves. We have had our Majestic twelve years and would not use any other Range. Berdon Zeiss.</p> <p>Mother likes it because it bakes evenly. Erma Saladen.</p>	<p>Mother likes them best because she has no trouble with her Majestic Range. Dorothy Ellinger.</p> <p>She says it is the best because each part is so carefully and strongly made, that they do not burn out and so it lasts longer than any other Range. Myre Hedge.</p>	<p>My mother has used a Majestic Range and says, it has so many good qualities, she hardly knows which is its best, unless it is quick heating in both the oven and on top. Evelyn Shoemaker.</p> <p>My mother considers the oven the most important feature. Carroll Fox.</p>	<p>My mother says the Majestic is the best baking Range. Violet Holverson.</p> <p>My mother considers the durability best. Marcella Stockman.</p> <p>My mother considers that it bakes more even and uses less fuel. Ida Coon.</p>

Secure A Farm In The North Platte Valley

THE NORTH PLATTE VALLEY, frequently called the "Scottsbluff country," is making a more wonderful showing every year in its production of irrigated crops—sugar beets, alfalfa, potatoes, wheat and oats; it is becoming one of the richest localities for breeding and fattening of live stock. Many Government irrigated holdings of 100 acres are being reduced to 80 acres, making it possible for land seekers to secure 80 acre tracts irrigated under the reliable system of the Government on terms that never again will be duplicated. All we can ask is that you visit the Valley and let our agents put you in touch with reliable firms. Ask about the crop tonnage, the increased population, and note the general prosperity; this will tell you what advance in land values you may expect there in the next five years.

Or write me for the Burlington's new publication, "North Platte Valley." Let me help you go there and see for your self this locality which is the talk of the West.

FIRE

THE ALARM OF FIRE is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place. What folly, what mistaken economy.

THE COST OF INSURANCE is so small that it need hardly be considered. The freedom from worry alone is worth it many times over. Have us insure you to-day.
