Broad statements, indeed, for such a conservative man as Grant?

**The Life Of Our Saviour**  
A SEVEN REEL COLORED MASTERPIECE

Some two thousand years ago there was born at Nazareth He whose teachings have enlightened the world. The events of Jesus' life from the manger to the ascension, is the most stirring story of all time to all the races of mankind.

The Pathe company, to fill a long-felt want, organized a company of the best actors and produced The Life of Our Saviour, an accurate, superbly acted dramatic visualization of Jesus' journey on earth.

The completion of this chronology of Jesus is truly an achievement worthy of the highest praise as it truthfully and graphically portrays with grace and dignity His suffering and final achievement.

This work represents a lifetime of careful study and an immense financial outlay, and because of its tremendous subject is The World's Greatest Drama.

The picture is Pathe Colored and exquisitely arranged so as to bring to the vision a graphic realization of the infinite simplicity, yet monumental strength of Jesus.
