A Ripe Old Age. The London Gazette, the most austere and formal of all English newspapers, is celebrating its two hundred and fiftieth birthday.

The vast majority of Londoners have never seen the Gazette, and many live in ignorance even of the existence of such a newspaper. For it is the official organ of the British government, and its circulation is limited to official circles or to those who are willing to pay the fixed price of 25 cents a copy.

In the ordinary course of events the Gazette is published every Tuesday and Friday, but when occasion arises special supplements are issued at 8 cents each. Since the outbreak of the war several of these supplements have been issued each week, and there has occasionally been sufficient demand from relatives of those mentioned in the official dispatches to cause the reprinting of a particular edition.

A GOOD CHANGE. A Change of Food Works Wonders.

Wrong food and drink cause a lot of trouble in this world. To change is first aid when a person is ill, particularly from stomach and nervous troubles. As an illustration: A lady in Mo. was brought around to health again by leaving off coffee and some articles of food that did not agree with her.

She says: "For a number of years I suffered with stomach and bowel trouble which kept getting worse until I was ill most of the time. About four years ago I left off coffee and began using Postum. My stomach and bowels improved right along, but I was so reduced in flesh and so nervous that the least thing would overcome me.

"Then I changed my food and began using Grape-Nuts in addition to Postum. I lived on these two principally for about four months. Day by day I gained in flesh and strength until the nervous trouble had disappeared. I feel that I owe my health to Postum and Grape-Nuts.

"Husband was troubled, for a long time, with occasional cramps, and slept badly. Finally I prevailed upon him to leave off coffee and take Postum. After he tried Postum for a few days he found that he could sleep and that his cramps disappeared. He never went back to coffee." Name given by Postum Co., Battle Creek, Mich.

Postum comes in two forms: Postum Cereal—the original form—must be well boiled. 15c and 25c packages.

Instant Postum—a soluble powder—dissolves quickly in a cup of hot water, and, with cream and sugar, makes a delicious beverage instantly. 30c and 50c tins.

Both kinds are equally delicious and cost about the same per cup. "There's a Reason" for Postum.—sold by Grocers.

LESSON FOR FEBRUARY 20

CHRISTIAN BROTHERHOOD.

LESSON TEXT: Acts 4:23-31. GOLDEN TEXT: Love one another from the heart fervently.—1 Pet. 1:22 R. V.

The Sanhedrin had tried threatening upon the disciples and this is generally pretty weak business. But their threat meant danger and the disciples were not unduly puffed up over their deliverance. With all their believing friends they prayed and in response the Holy Spirit came upon them in still further measure (4:23-31).

I. The Spirit-Filled Believers, 4:32-37. The two sections of this lesson are really one and are designed to bring out sharply the contrast between the Holy Spirit-filled church and an evil spirit-filled man. The communism of the early church was (a) Christian communion (see 2:44); and it was (b) for a special occasion; (c) it was benevolent—each had according to his "needs" (4:34, 35); (d) it was voluntary (5:4), and (e) it recognized the right to private property (see 5:4, 9). He, the Holy Spirit, does bring that unity, that altruism, those active social relations and services of which Pentecostal communism is the type. Unity and love are seen in genuine Christianity in all ages, but the forms of their expression may differ. The power of the Holy Spirit was manifested, not merely in love and unity which it produced, in the brotherhood thus evidenced, but also in the testimony given for the Lord Jesus Christ, "with great power gave the apostles witness to the resurrection of the Lord Jesus." There is much witness to the resurrection of the Lord Jesus Christ in our day, but not always "with great power." When we are filled with the Holy Spirit it is of Jesus, and especially of his resurrection, that we will bear witness. Another result of being filled with the Holy Spirit was that grace was upon all. "Grace" means favor. We are not told whether it was God's favor or man's favor that was upon them. It seems to imply both (see Luke 2:52). No man looked upon his own interests, but "every man on the things of others." Distribution was made according as each had need, not according to his ability, not according to his notable service. The pre-eminent illustration of Christian love in the brotherhood at Jerusalem was Barnabas. If we had more of such today we would have less of union labor troubles and missionary deficits. We do well to consider carefully the six distinguishing features of this early church: (1) A praying church (4:24-30), (2) a Spirit-filled church (31), (3) a united church (32), (4) a witnessing church (33), (5) a ministering church (34, 35), (6) a multiplying church (36, 37).

II. The Devil-Possessed Unbeliever, 5, 1-16. Barnabas had received great praise for what he had done at the impulse of the Holy Spirit in his life. It is an exceedingly fair picture, but the scene of the early church had been from foes without, now it faces the greater peril of foes within. And when this great question, regarding the deity and personality of the Holy Spirit, is first brought to light, God, through his church, dealt with it in a stern manner. The devil is always presenting his imitations of everything good and holy. Ananias and Sapphira were not willing to make a like sacrifice. They, too, "sold a possession," but they secreted a part of the price and brought the rest with the intent to deceive the church. The Holy Spirit quickly informed the church of this hypocrisy and, Spirit-guided, they were not deceived. For Ananias to lie in the atmosphere of love and consecration engendered by the Holy Spirit made his crime the more unpardonable. The same words are used in describing his actions as those used in describing the actions of Barnabas up to a certain point. But what a difference we see subsequently. In the case of Barnabas his act was a deed of self-forgetting love; in the case of Ananias it was one of calculating hypocrisy. We thus see that the early church was not as perfect as some would have us imagine it to be.

The second section of this paragraph (vs. 12-16) is a record of what the results of this vindication of the Holy Spirit were. First the Spirit came upon the apostles and literally overflowed upon all those about them. In the second place those who were thinking of joining the church for mercenary motives were held back from so doing (v. 13).

If the Holy Spirit were present in such power today there would be fewer hypocrites who would dare to join themselves to it. The deception of Ananias was deliberate (v. 4); he had talked it over with his wife (vv. 2, 9), and he was a grave danger to this early church. It threatened to choke the very fountain of love and unity which had sprung up in the midst of the selfish world.

The stern judgment that came upon Ananias and Sapphira was richly merited and indeed was gracious, for it sifted and saved the church.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver kidneys and bowels.—Adv.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from any druggist or storekeeper, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. No sick headache, sour stomach, biliousness or constipation by morning.

Get a 10-cent box now.

Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out to-night and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret to-night straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken. Adv.
