Glacier National Park This Summer Will Delight Thousands
 Now is the time to plan a vacation tour. You will want such a complete change of environment as will drive out every thought of work, and free your system from the torpor of monotony. Glacier Park will give you such deep, high and wide pictures of nature's magnificence as to calm your mind, worn with petty worries.
 Glacier is the indescribable climax of the grandeur of the Rockies. Here you penetrate into localities of hidden mountain lakes and into the depth of forests; you reach mysterious sources of cascades and torrents tumbling from melting glaciers. You zig zag over mountain passes along Government trails that yield to the beholder such glorious perspectives of weird topography in countless hues,—that word painting or any kind of a painting seems cheap and futile.
 This is, too, a delightful vacation land. Here are resources for every tourist. "Good management and good nature"—is the Law of the Park. Let me send you Glacier Park publications; they will make to you a strong appeal to renew your energies in that land.

Kansas City Market
KANSAS CITY STOCK YARDS, June 12, 1916—Prime cattle held practically steady last week, but everything below prime declined in price, common steers selling 30 to 50 lower for the week. Butcher grades got a moderate cut, cows and bulls holding up because of scarcity. Stockers and feeders held about steady, as there was a good demand from the country, and the yards were well cleared. The supply today is 10,000 cattle, and the market averages fully steady, prime steers and butcher grades selling stronger, and low grades of steers, including quarantines of this class, weak to 10 lower. A car load of pair fed steers sold at \$11.00, a new high figure on pair fed steers, and highest price paid this year for any steers. Other pulpers brought \$10.00 to \$10.75, and the Western delegation also included some short fed steers around \$9. Cattle from the summer feeding section of Missouri are starting, some of them bringing \$10.80 today. Prime dry lot corn fed cattle are scarce, although numerous lots of steers were good enough to sell at \$10.00 to \$10.65. A train of Arizona steers weighing 1185 lbs. sold at \$9.00, including 3 loads of 916 lb. steers at \$8.55. In the quarantine division offerings comprised about 40 cars of fed steers from the Ft. Worth district, nothing extra choice included, sales \$8.50 to \$9.20. Some fed Oklahomas at \$8.10 to \$8.50 and grassers at \$6.80 to \$7.75. South Texas grassers sold Thursday up to \$8.00 in the quarantine division here. This is the dull season for stockers and feeders, but is a good grass year, and a certain demand continues, sales of stock steers largely at \$7.25 to \$8.00, feeders \$7.75 to \$8.50. Hogs began to show more strength the middle of last week, and closed with part of recent losses regained, sales today were 10 higher, receipts 12000 head, top \$9.54, bulk of sales \$9.20 to \$9.10. Heavy hogs lead in price, because of scarcity, owners preferring to cash their hogs as fast as they get up around 200 lbs. or a little more, rather than hold for big weights, although the feeding operation on hogs of this weight continues immensely profitable. Average weight here last week was 202 lbs. practically the same as it was same week last year. Demands on killers for all kinds of pork will be heavy as long as high beef and mutton offer no relief. Sheep and lambs are firm where quality is good, but much common stock is offered today, and prices on such are weak, receipts 12000 head. Native and Arizona spring lambs sold up to \$11.35, quality not choice in either case, prime springs worth \$11.50 or more. Clipped ewes sell at \$7.25 to \$7.50 if good, Texas muttons here today at \$6.75 to \$7.15, some common ones at a lower price.

Patrons May Choose Says Manager F. H. Cassil
 The object which Manager Cassil of the Orpheum theatre, has always had in mind is to give his large clientele not only the best production on the market but the ones which his patrons are most desirous of enjoying. With the Motion Picture Industry in such a flourishing condition it is only natural that there should be so many good features manufactured that it is impossible for one theatre to book them all.
 It is not generally known, but a majority of the film distributing companies refuse to allow certain of their subjects to be shown while others are rejected. In other words they demand that the Exhibitor book the poor with the good.
 Since the organizing of Vitagraph Lubin S-Big-Feature, Inc., however it has been possible for a theatre manager to secure any of their Big Four Features which he desires.
 In fact this method of handling features has proven so satisfactory not only to theatre men but to the public at large that Mr. Cassil predicts that before long every Film Exchange will be forced to adopt the same methods.
 Any time the patrons of his theatre are desirous of seeing a certain feature on the Big Four Program he assures us he will be more than glad to secure it.
 A few of the most notable ones are: "The Battle Cry of Peace", "The Rosary", "God's Country and the Women", "Sherlock Holmes", "The Island of Regeneration", "The Ne'er Do Well" and "My Lady's Slipper".

FIRE
 THE ALARM OF FIRE is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place. What folly, what mistaken economy.
 THE COST OF INSURANCE is so small that it need hardly be considered. The freedom from worry alone is worth it many times over. Have us insure you to-day.
O. C. TEEL,
 Reliable Insurance.
