

INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. SELLERS, Acting Director of the Sunday School Course in the Moody Bible Institute of Chicago.)

LESSON FOR JULY 2 PAUL AT THESSALONICA AND BEREIA.

LESSON TEXT—Acts 17:1-15 (cf. I Thess. 2:1-12).

To place a modern war map by the side of the ancient one will help to make the places Paul visited more real.

I. At Thessalonica (vv. 1-9) Reasoning (vv. 1-5) (a) The place. On this second journey Silas and Timothy (v. 14) were Paul's companions.

As a sensational sequel to the Luff assault trial which was concluded just recently at Aurora, a claim has been filed with the county commissioners of Hamilton county by Luff for the sum of \$15,565.25, which he alleges is due him for expenses and for damages due for false arrest, false imprisonment and malicious prosecution.

A fifteen-acre field of daisies, located on the Goosen farm, five and one-half miles west of Beatrice, has attracted hundreds of visitors the past few days.

Colfax county has spent \$16,000 cutting down and grading the road between Dodge and Howells. Hills have been cut down and the dirt used to fill in the low places, making the highway that connects the Albion branch towns almost as level as a prairie road.

Eleven women's organizations and every fraternal order in Hastings have promised to participate in the Fourth of July parade which members of the committee declare will be the longest and most attractive ever held in central Nebraska.

Nearly \$1,000,000 is involved in the recent transfer of 139 quarter sections of Kansas land, in which A. L. Clarke and William Dutton, Hastings men, disposed of their holdings to the Garden City Sugar company at \$40 an acre, or just twice the purchase price.

About twenty-five young men have organized a band at Genoa, and with the help of the merchants of the town they expect to keep it going.

Press Martin, former editor of the Odell Wave, has purchased the Liberty Journal and will take possession soon.

The Randolph school board has just voted to install a course in domestic science in the public schools of the town.

YES, HE KNEW HIM SLIGHTLY

Visitor, Deceived by Local Custom, Rather Put His Foot in It in Conversation. The habit in agricultural districts of referring colloquially to a farmer by the name of his farm is fraught with dangerous possibilities to a stranger.

Stood Up for His Mother. Three-year-old Sherman was visiting a neighbor and sat watching her make a cake. As she put in the ingredients he kept asking, "What's that?" Finally he asked her what kind of cake she was making and the lady replied: "An angel cake. Don't your mamma ever make angel cake?"

Silent, but Eloquent. Otto H. Kahn, who has given his estate in England as a home for blind soldiers, was talking about the horrors of war.

Bluebirds for the Nursery. Now the charming and symbolical bluebird flutters in still another place—so many alighting spots has the bluebird found within the past twelve months! He skims joyously over the bushes and mirrors of the children's toilet table these days and very charming are the white ivory-finish belongings with decoration of bluebirds in various sizes.

Modest Girl. He—And what do you want for your birthday? She—Really, I don't want anything. But I know you'll buy me something terribly nice and expensive and new, you're such a dear, reckless boy.—Princeton Tiger.

The Proper Place. "Janet's young man is an aviator." "Then why don't she entertain him in the sky parlor?"

Called. "My country calls me!" exclaimed the emotional patriot. "It shouldn't have been necessary to call if you have any useful service to perform. You ought to have been on the job."

Forgot Them. "What became of that candidate for your sister's hand?" "He won out. And say!" "Well?" "He hasn't redeemed any of his numerous pledges."—Kansas City Journal.

Reminder of Famous Jester. In Braunschweig, a quaint old German town, is pointed out the building—still used as a bakeshop—where Till Eulenspiegel, famous as a jester in the fourteenth century, worked as a boy. Many who have listened to the musical composition, "Till Eulenspiegel's Merry Pranks," which enshrines his name, have never associated this with the merry baker boy of Braunschweig. He is credited with having made many little gingerbread ovals and monkeys, which he gave away to children. The shop at No. 11 Backerlnt still does a thriving business—or did prior to war times.

Albumen in Wheat. Professor Dawley says that chemical analysis of different grains shows wheat to contain a larger amount of albumen than any other grain. Therefore it is the grain to make the base for egg-producing food.
