A. B. McARTHUR PUBLISHER  
THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

**President Wilson**  
The Democratic party goes before the American people with a candidate whose wisdom and ability in a period of unparalleled storm and stress entitle him to support in the name of a patriotism which dwarfs all narrow partisanship. His record of achievement has won the applause of his friends, the admiration of his political foes, and the gratitude of the nation at large.

He has given the country a currency system which on the eve of universal upheaval enabled finance and industry to stand unshaken. What the conditions would have been under Republican rule may easily be imagined by recalling the disaster of 1907. He has proved himself a better pilot in a storm than the Republicans in an era of profound tranquillity.

Under his guidance a Democratic Congress has written upon the statute books a tariff law which has brought prosperity to every class of the American people. The familiar shibboleths of the Old Guard, the prophecies of impending calamity have become the butt of mockery and derision in the light of cold facts. The noisy forecasts of evil are drowned in the song of the harvest and the hum of loom.

He has passed unscathed through a crisis in international affairs that would have seared the soul and paralyzed the mind of a weaker character. Charged with the welfare of a hundred million people, whose destiny was exposed to all the cross-currents which blew from the earth's four corners, he has maintained peace while giving the world a new and inspiring vision of the moral grandeur of the nation, jealous of its honor, but devoted to the interests of mankind.

In the highest sense he is the embodiment of a splendid Americanism. The best traditions of the republic are wrought into the very fiber of his being. He loves peace well enough to fight for it, if need be. He has made it doubly clear to all the nations of the New and Old World that the United States covets nothing which is not legitimately its own. In trying ordeals he has shown that the American people ask nothing and concede nothing, except to work out their own destiny under the free institutions which are their peculiar heritage.

But with it all, the candidate of the Democratic party is no visionary, groping in cloudland. He is a star in a world of realities. He has taken measures which insure the safety of his country. If, out of this welter of war, this riot of mad passions, should come a menace to the liberty, peace and prosperity we enjoy, the forces he has marshalled with an unvanishing but determined efficiency will be ready at hand, waiting only to be quickened into action by the word of command.

Strong, alert, tried and approved by experience, he has won the confidence of the people, and this will be their verdict at the polls.

**Bright Prospects**  
From the present indications, we are led to believe that Nebraska will make another record for herself, in the production of wheat during the coming year. A bumper crop is assured, providing nature continues to smile on us and favor us with continued sunshine; that moisture and hail does not destroy it. Here's hoping for the best.
