Glacier National Park This Summer
Will Delight Thousands

Now is the time to plan a vacation tour. You will want such a complete change of environment as will drive out every thought of work, and free your system from the torpor of monotony.

Glacier is the indescribable climax of the grandeur of the Rockies. Here you penetrate into localities of hidden mountain lakes and into the depth of forests; you reach mysterious sources of cascades and torrents tumbling from melting glaciers.

This is, too, a delightful vacation land. Here are resources for every tourist. "Good management and good nature"—is the Law of the Park.

FIRE

THE ALARM OF FIRE is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place. What folly, what mistaken economy.

THE COST OF INSURANCE is so small that it need hardly be considered. The freedom from worry alone is worth it many times over. Have us insure you to-day.

O. C. TEEL, Reliable Insurance.
