**Advance Showing**  
**Many New Notes in the Styles for Fall and Winter**  
**IN SUITS—**  
 Never before have the styles been so becoming to all figures. Suit models come in great variety including three major types—the plain tailored effects, the outing or sports designs, and dressier models.  
 Jackets of suits are either single or double breasted. In many of them there is a pronounced flare below the waste.  
 The Sports or Outing Suits are very charming with their high collars and simple sleeves, and with their pleats, shirrings and belts at the waist line.  
 Some of the dressier models possess large collars that either button close or lie flat; when open these collars give a shoulder cape effect.  
 High cuffs, fancy cuffs of the bell variety and partial belts are other features to be found in the new suits.  
**IN COATS—**  
 A wide range of types make the Coats for Fall interesting to every figure and every personality.  
 Here again are three approved effects. Fashion authorities appear to give equal emphasis to all three.  
 Many women will choose the loose type with sweeping fullness, large roomy sleeves and generous collars and cuffs.  
 Others will select belted coats, hanging full and loose in the back; in some models belted only in front or on the sides; in other models belted all around. Here again large collars, deep cuffs and full lines are among the style features.  
 The third type of coat hangs straight and loose from the shoulders and gives a graceful long line from the waist to the bottom of the coat.  
 Attractive buttons, large and small, and some fur trimmings, embellish many of the models in both Coats and Suits.  
**Our Early Showing—**  
 We are now exhibiting a limited number of exclusive Fall Models in Smart Coats and Suits.  
 The models we are showing have been shipped to us in advance of the season and for the woman who appreciates exclusive, yet authoritative styles this is an event.  
 Come in, we will be pleased to show you these Choice New Styles which are priced conservatively in keeping with the qualities.
