**KEITH NEVILLE**  
Democratic Candidate for Governor  
**A NATIVE SON**

A practical man of the people who has made a success in business and to whom the tricks of the ambitious politician are unknown.

He offers a constructive program that will benefit the people of Nebraska and his candidacy is in harmony with the strong Democratic platform adopted by his party at Hastings.

He believes that the highest duty of any public servant is to carefully see to it that the will of the people, as expressed at the polls upon all questions, is carefully carried out.

The two Republican newspapers in North Platte are supporting his candidacy and the vote of nearly five to one given him at the primary election by the people of his home town, among whom he was born and raised, is proof absolute that he is a man of character and standing and a safe one to be entrusted with the business affairs, as well as the enforcement of the laws of the state.

Vote for a home-grown man and a continued, economical and business administration of state affairs.

**A. V. DUCKER**

Democratic Candidate For Treasurer Of Webster County

YOUR VOTE WILL BE APPRECIATED

**Mr. Farmer, just how much of your soft corn did the distiller buy?**

Last week the "League dope" gave statistics to "prove" how woeful would have been the loss had not distillers bought Nebraskas' soft corn crop.

A former government gauger, long employed in measuring the output of the Peoria plants, laughs at the story. "In the first place," he says, "soft corn doesn't yield enough alcohol to make its use desirable in distilling. In the second place the quality of the alcohol made from it is very poor. And lastly, the slop from soft corn is not good enough for feeding cattle. All these conditions keep the distiller from using soft corn at all, except when they get some through mistakes of their buyers."

FURTHERMORE, everyone knows that starch factories offer the best and only markets for soft corn.

So you see, Mr. Farmer, the Nebraska brewer can't get your vote by this soft corn line of talk. It lacks argument.

**A Brassiere? Yes—**

**YOUR CORSET** moulds the figure below the bust—the brassiere supports and shapes the bust and the shoulders. It is in reality a fitted corset cover, and costs no more.

**Warner's Brassieres** are designed by the designers of Warner's Russ-proof Corsets, who understand the requirements of the figure and know how to design garments that fit correctly. Like Warner's Corsets, every Warner's Brassiere is thoroughly guaranteed.
