

Harry S. Dungan

Judge of the Tenth Judicial District

Candidate for re-election on the non-partisan ticket. Look for the name.

Harry S. Dungan

The "people's attorney" in rate cases before the state railway commission is himself a candidate for election to the commission this year. He is among the most widely known Nebraskans from his authorship of the bank guaranty and the 8 o'clock saloon closing laws, and his great fight against the increase of telephone rates. His years of experience successively as farmer, business man, bank examiner, legislator and attorney, in connection with the soundness of his views on telephone and railway regulation, especially fit him for the office.

Voters, don't fail to vote for him—Victor E. Wilson, for state railway commissioner. He is on the democratic ticket, but he thinks that the office should be made non-partisan.—adv

A Boost for Shallenberger

Yesterday and today have been Shallenberger days in Nuckolls county, and another Shallenberger day will be Tuesday, Nov. 7, 1916, when the voters of the county will answer to faithful and efficient service rendered by their congressman, by giving him just a little bit larger majority than ever before.

As a public servant fulfilling his pledges and caring for the interests of the people of his district at large, Congressman Shallenberger has always come up to the fullest expectations. As an able, conscientious and efficient representative, able to hold his own in debate or in favoring any merited measure, Mr. Shallenberger has been more than made good, not only this present term of congress, but 12 years ago when he represented this district, also when he was governor of the commonwealth of Nebraska.

Congressman Shallenberger has always been popular in Nuckolls county, for good crowds have greeted him, and the enthusiasm and friendliness of the people of both parties bodes good for his re-election. He has always advocated the best and most advanced legislative ideas, and has spoken and written much for the good laws now gracing the statute books. He was an early apostle of the bank guaranty law in Nebraska, the federal bank act, the Underwood tariff law, the child labor law, the repeal of the stamp tax act, the national farm loan law and all other remedial legislation enacted by the recent democratic congress in support of President Wilson.

When once a public official is found who stands close to the public, if one of them, and believes ultimately in their verdicts, it is time to let well enough alone and re-elect such an official as he can accomplish much more in his return to a place of trust than a new man possibly could, and for the good of the people of the state at large Congressman Shallenberger should be re-elected and allowed to proceed along the same and sensible lines he has mapped out in helping to procure for the people what they need and most desire.—Superior Express.

A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that Royal Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in Royal Baking Powder.

PROHIBITION Does Increase the Tax Burden

Absolute proof is at hand that prohibition has enormously increased the tax burden for the Kansas farmer and property owner. So great is the burden of taxation in prohibition Kansas that half the counties in that state find themselves in serious financial difficulties.

HERE IS THE PROOF:

(From the Topeka "State Journal" of Dec. 7, 1915)

"MUST RAISE LIMIT"

"One-Half of Kansas Counties in Financial Mire"

"Bond Issues, Economy or Legislative Relief Only Hope"

"Fifty per cent of the counties of Kansas will be forced to adopt sweeping economy measures or issue bonds to cover deficits in their general revenue funds, unless the next legislature raises the limit of the general revenue tax levy, according to men in touch with the financial condition of counties over the state."

The reason for the heavy tax burden under prohibition is not far to seek. Under prohibition, it becomes necessary to prosecute in court every year thousands of persons having alcoholic beverages in their possession. Each such case costs the county about \$50, according to the Topeka, Kan., "State Journal" of August 29, 1916. This paper also states in the same issue that in Topeka alone, there are 106 such cases docketed for the September term of court. This is the condition in one Kansas county, at one term of court alone.

Kansas spent \$701,944.40 in the last two years to maintain the inmates of her state prisons, while Nebraska spent less than half that sum.

WHO CARRIES THE TAX BURDEN?

It is interesting to observe how the prohibition politician always manages to unload the increased burden of taxation on the farmer and on the property owner. In Kansas the state tax levy for 1916 is equal to 6.5 mills on a one-fifth valuation, and in Nebraska it is only 6.1 mills on a one-fifth valuation.

In order to deceive the people and keep the state tax levy from mounting sky-high, the prohibition politicians in Kansas simply raised the assessed valuation of farm lands many millions of dollars this year.

HERE IS THE PROOF:

(From the Topeka "State Journal" of Oct. 5, 1916)

"Twice has he (Governor Capper, the prohibitionist) handed the FARMERS a package, by raising the valuations of their farm land, in order to raise more taxes, yet he permitted the railroads and corporations to go at the same old rate."

GOVERNOR CAPPER OF KANSAS HAS PUBLICLY ADMITTED THAT THE VALUATION OF KANSAS PROPERTY WAS BOOSTED \$79,000,000 IN 1915 FOR PURPOSES OF TAXATION.

THIS IS TYPICAL OF THE PROHIBITION POLITICIAN EVERYWHERE. HE RIDES INTO OFFICE ON THAT ISSUE, AND THEN PROMPTLY PUTS THE BURDEN OF INCREASED TAXATION BROUGHT ABOUT BY PROHIBITION, ON THE FARMER AND ON THE PROPERTY OWNER.

The squares shown below will appear at the TOP of the ballot. An X marked in square 301 is a vote AGAINST PROHIBITION.
